Introduction to University of Balochistan

The Establishment of the University of Balochistan is synchronized with the emergence of Balochistan as a province of Pakistan. The University came into being with the promulgation of the University of Balochistan Ordinance 1970. Located in a developing region of a developing country, the University has a challenging frame of reference for its functioning. Balochistan is passing through a process of rapid socio-economic development and needs well qualified and competent scientists, professionals, academicians and administrators. The University is cognizant of this need and prepared to provide meaningful higher education to the youth of the province.

The University is committed to develop and sustain an environment conducive to excellence in teaching, learning, research and spread of knowledge. In keeping with the priorities of higher education, the university offers its resources and talent for enrichment and enhancement of quality of life standards through its programs of research and innovations.

The University offers undergraduate, graduate, postgraduate, doctoral and advanced programs of studies in Basic Sciences, Management Business and IT, Life Science, Earth and Environmental Sciences, Education and Humanities, Social Sciences and in Literature and Languages Professional Disciplines. BS four years programme of studies in certain disciplines of science are also offered by the University. Besides, University faculty and students organize and conduct community services for the well-being of the people, provide leadership in all walks of life, develop potential of the students, channelize energies of the youth and strive for reducing the social and cultural differences through knowledge.

Vision

To be a model public University providing affordable, quality, higher education opportunities to develop the potentially rich human resource in Balochistan through knowledge-centered teaching and research while maintaining and fostering a high level of ethical and professional standards and promoting national identity.

Mission

Functioning as a student-centric institution dedicated to academic excellence, tolerance and fairness. Maintaining and fostering highest ethical and professional values while teaching students to seek knowledge analytically, be creative, communicate effectively and become technologically literate to meet the emerging needs of our society within the global village. Ensuring and supporting faculty and staff to continue their professional and intellectual development

Our Values

- Integrity
- Creativity
- Team Work
- Excellence
- Responsibility (to all Stakeholders)

Governance

- The Governor of Balochistan is the Chancellor of the University. The University Senate is chaired by the Chancellor, which is the Supreme Governing/ Legislative Body of the University.
- The Vice Chancellor is the Chief Executive of the University. He chairs the Syndicate, the Executive Body of the University, and all other statutory bodies.

Administration

- Chancellor
- Vice Chancellor
- Pro Vice Chancellor
- Registrar
- Treasurer
- Controller of Examinations
- Director General (UGSO)
- Director General (P&D)
- Chairman (FTDC)
- Director, Quality Assurance Directorate (QAD)
- Director General (E&W)
- Director General (Administration)
- Director, Office of Research Innovation & Commercialization (ORIC)
- Chairman, Graduate Studies Office (GSO)
- Chairman, Undergraduate Studies Office (UGSO)

Undergraduate Studies office

- The undergraduate studies office play the role of chief arbitrator in all academic/non-academic matters concerning the students
- The undergraduate studies office perform duties pertaining to academic, financial extra-curricular and miscellaneous matters in coordination with the registrar/chairpersons of departments and deans. Its duties are as follows.
 - Online admission of students under category A, B and C
 - Migration from university to university
 - Cases of dropout students
 - Arrange meetings to resolve activities and rules of student through academic/semester committee..
- Mid & terminal exam schedule for all disciplines
- Cases of the student getting semester break
- To organize all departments students data online through UGSO software
- Students clearance and library card verification
- Name correction and rectification cases in the educational documents being issued from this university

Balochistan at a Glance

Balochistan area wise is the largest province of Pakistan, covering 44% of the country's area, but is home to only 5% of the country's population. Its strengths lie in its wealth of natural resources, the vast rangeland, the coastal belt with 1100 km of coastline, and rich mineral and hydrocarbon deposits. Balochistan is a land of diversity, mountains rich of minerals, coastal land, uplands, plains and deserts, having a diverse flora & fauna and land of great difference and contrast.

The Government of Balochistan is providing basic infrastructure of roads and development of human resources to create a more conducive environment, for inclusive development.

Agriculture and livestock dominate the Balochistan economy. Horticultural development is a fairly recent phenomenon with a great potential. Other economic sectors where investment rate is high including, fisheries, mining, manufacturing industries, trade and other services being rendered by public and private sector organizations in the province.

The Government of Pakistan has initiated the construction of the country's third deep-sea port project at Gwadar and CEPEC with the Chinese Government. This project will not only give stimulus to the development activities in Gwadar town itself but to the adjoining areas also. Makran Coastal Highway is acting as further catalyst for development of the entire Makran Coastal area of Balochistan through

fisheries, tourism and trading point of view.

Balochistan provides highly developed industrial estate facilities in the province. These estates cater to all types of industry needs and are well supplied with a wide range of infrastructure and related services which include Quetta Industrial & Trading Estate, Hub Industrial & Trading Estate (HITE), Uthal Industrial Estate, Marble City etc. The Major sectors for investment in Balochistan are Minerals, Agriculture, Horticulture, Fisheries, Livestock, Tourism and Oil & Gas etc.

Our City

Mountainous, Vibrant, and friendly, Quetta is considered as hill station of the province of Balochistan.

Where the city meets the campus

Quetta city is a bowl shaped structure and valley, surrounded by mountains peaks on its three sides. On the southern fringe of the city, the University of Quetta's campus is located on the main highway connecting Karachi with Quetta. Away from the University towards north the, multicultural culinary delights, arts and culture, and shopping Malls of Quetta enhances the beauty of the city. The Great Hana Lack is located in the north east of the city, which attracts visitor in all seasons In the East of the city, the Mehrdar Mountains runs parallel and connects with the Takatu and Zarghoon hills in the North and Northeast. While the city is bordered with Chiltan Mountains in the west running towards the south of the city. The city hosts an international airport, state of the art hospitals, shopping malls, and diverse cultural handicrafts, dry fruits are

some of the unique features of the city.

Out and about

Eat breakfast in a café, visit and spend the afternoon shopping, or find out why Quetta is Pakistan's fruit basket capital, or take a day trip and explore the stunning natural beauty of Hana Lack.

Our campus

You will feel at home the moment you step onto the University of Balochistan.

The entry point to the campus is from the main highway Seryab Road which connects Karachi with Quetta. The campus has different Blocks such as Science, Arts, languages, Administration, Examination, central Library, Botanical Garden, Boys & Girl Hostels and three centers for advanced Studies.

Cutting-edge facilities

Our new, sustainable, state-of-the-art, buildings and teaching facilities are designed for optimal learning experiences. And, standing next to our iconic Expo Center & Playground, they make our campus even more spectacular.

A city within a city

Our campus is like a city within a city – it even has its own facilities like shopping center, Bank, Masque, cafés, libraries, gym, specialty shops, a small supermarket you'll never have to leave!

Vice Chancellor's Message

The University of Balochistan is the oldest and premier University of Balochistan. Since its establishment in 1970, it has achieved heights of success in all fields, especially Science, Arts and Humanities. Having been started from only 5 teaching departments, it now, with the grace of Allah Almighty, is running 48 departments under the umbrella of 8 Faculties, 4 specialized Centers, 4 Institutes and 1 Constituent Law College. Beside these, University of Balochistan has 86 affiliated colleges across the province. University of Balochistan has maintained its excellence in education, training and research in various fields of arts, Social Sciences, Business and Languages.

The University aims at high standards of quality education compatible with national needs and comparable to International Universities of high repute abroad. It has always attracted talented students coming from all walks of life and regions within its territorial limits and all provinces of Pakistan under exchange program and reserve seats.

The University of Balochistan recognizes an integrated and inter-disciplinary approach to synchronize and cooperative teaching among the various disciplines belonging to different faculties of constituent parts of the University under one umbrella. The Alumni of this Institution are serving at higher professional positions, research organizations, government and development sectors and universities at home and abroad.

University of Balochistan is devoted to providing best possible facilities in terms of faculty staff, laboratories, libraries and environment of research & development activities leading to higher degrees. I hope that the talented students will be joining the Master degree courses with the strong commitment to keep up the tradition of this Institution and help maintaining the flag of the University high in the sky. The University of Balochistan is located in a rich natural environment, and is a university that respects diverse values. Our university intends to contribute to the international society by demonstrating leadership as an innovative, unique, and cosmopolitan center of knowledge with an influential voice on the international scene.

God bless you.

Prof. Dr. Javeid Iqbal

Vice Chancellor

Registrar's Message

Dear Students

Being Registrar University of Balochistan, it gives me pleasure to welcome you in one of the oldest and premier Universities of Balochistan, Quetta. Indeed it is a matter of pride and honor for us that you have chosen University of Balochistan for making your future.

Dear Students, excellence, integrity, tolerance, and diversity are the values which add force to the University's processes and growth. Our success lies in our educational approach, personal and professional development of students. Students are free to pursue their education and co-curricular activities in a traditionally diversified educational environment. Our students are of different age groups who come from different regions and backgrounds as well as different countries of the world. They bring a wide range of viewpoints, special interests, and talents to enrich our educational community.

The Registrar Office facilitates the admission process from one end to the other end. The office strictly observes the merit principle and addresses student's genuine grievances through a systematized approach to ensure timely completion of admission process in a comprehensive manner. The Registrar office appreciates comments and suggestions from all quarters for the improvement of its system to make it more efficient and delivering.

We assure you best educational and research atmosphere at University of Balochistan and hope you will come to learn and leave to serve.

Muhammad Tariq Jomezai

Registrar

Beyond the classroom

Experience matters. Make it count.

Internships

Internships are a great way to get first-hand industry experience and figure out if your dream career is right for you. Our students have interned in leading companies and institutions nationally and internationally, paving the way to fulfilling and exciting careers.

Leadership and involvement opportunities

Employers love to see leadership experience on your résumé – and we love to help you get it! At university of Baluchistan you can:

- Take part in leadership conferences
- Participate in peer mentoring programs
- Engage in community projects and partner with organizations to make it happen

Volunteering

Take your skills into the community, contribute to a cause you are passionate about, and make a difference! You can volunteer in University of Balochistan, elsewhere or even go overseas. In many cases your experience can count towards your degree. University of Balochistan cater volunteers through “UOBIANS” volunteer group.

Distance Education

The Directorate of Distance Education is dedicated to serve the diverse needs of society by providing high quality educational experiences that utilizes latest emerging technologies and offers opportunities of education to larger number of students who can not make it due to, time, social, financial or geographical constraints. Relevant and appropriate education to distance learner knowledge, media technologies (printed-modules, Audio/video lectures, web-enabled materials) and pursuit of producing quality graduate is the top priority of Directorate.

The Directorate of Distance Education is currently offering (Education, International Relations, Political Science, Economics, BBS, Mathematics, Islamic Studies, History, Philosophy, English Literature, Urdu Literature, Persian) programs. In future, more programs (LLB, B.Ed, MBA, MPA, M.A Social work, etc) will be included in this mode of learning with expanded number's of distance centers in districts of Balochistan.

Teaching and learning activities of all programs are offered through Distance Mode. Here Distance Mode is categorized to weekend classes for face to face interaction, interactive activities on learning management system and online audio/video and chat. There are different committees to look after functioning of Directorate of Distance Education to enhance quality of running programs.

The Directorate of Distance Education will be the leading teacher education directorate of Pakistan with highly qualified human resources, allied infrastructure equipped with modern technology, and research based practices to produce balanced, harmonious educational leaders serving the community, by providing education through dual mode of education.

Introduction

The Department of Physics is one of the three pioneering science departments, which was introduced since inception of the University of Balochistan, Quetta in 1971. In the first batch ten students were enrolled for a two year M.Sc. degree course with four teaching staff members. A three years B.Sc. (Honours) course was also introduced in 1976 which was later abolished in 1992. Over a span of forty-five years the department has expanded many folds and has produced thousands of M.Sc. in Physics. First time regular classes of M.Phil and PhD started in 2014 on semester system. In this first batch 11 scholars of M.Phil and 10 Scholars of PhD successfully completed their course work. The department of Physics emphasize the researchers in physics of nanotechnology, communication system, condense matter physics, and modeling and simulation. The graduates of this department are not only working in prestigious institutes/organizations/universities of Pakistan but are also serving as faculty members of foreign universities.

Objectives

- Physics is a fundamental science which exerts a vital and dominant role in the development of other scientific disciplines. Physics has also a direct impact on society and economy because the present civilization is strongly influenced by science and technology. Physics has always an asset of technologically advanced countries. Physics bred the technologies and new sciences of the past and till to date, is breeding new technologies and sciences. The main objectives of Department of Physics are,
- To prepare qualified and focused professionals

in the subject of Physics to meet the future needs of educational institutes and industry.

- To prepare researchers to meet the emerging needs of industry and research organizations.
- To develop the department as a centre of excellence in Physics teaching and research in the province of Balochistan.

Vocational Job Opportunities/ Marketability of Graduates

Pakistan Atomic Energy Commission (PAEC), KRL, SUPARCO, CENAR, PNRA, Geological survey of Pakistan, IT based Services, various industries dealing in Scientific and Electronic equipments, Provincial and Federal Schools, Colleges, Universities, and Research Institutes, Multinational companies.

Facilities

Departmental Library: The departmental Library is managed by a qualified librarian and has over 2000 books covering a wide range of disciplines in Physics. These books are in addition to more than 2500 titles of Physics books stocked in central library of University.

Computer Lab: The department of Physics have a full furnished computer lab which has internet services and access to digital library where thousands of journals, proceedings, online books, and magazines are available.

Basic Electronics Lab: This lab is for M.Sc students to perform their practical work of analog electronics. This lab is equipped with oscilloscopes, wave generators, millimeters, power supplies, electronics trainers, amplifier ICs, oscillators, bipolar transistors, field effect transistors, diodes, and other electronic components.

Digital Electronics Lab: This lab is for M.Sc students to perform their practical work of digital electronics. This lab is equipped with number of digital electronics trainers which has facilities to power digital ICs and monitor their outputs with corresponding inputs. Digital Electronics Lab has wide variety of digital ICs including logic gates, flip flops, counters, and memories.

Nuclear Lab: This lab is for M.Sc students to perform their practical work of Nuclear Physics. This lab is equipped with number of nuclear radiation detectors, counters and radiation sources.

Physical Constants Lab: This Lab is for MSc, M.Phil and PhD students to perform their practicals, and research work. The Physical Constants Lab has wide variety of equipments including Millikan's oil drop apparatus, Fine Beam tube apparatus for (e/m) of electron, Foucault-Michelson's apparatus for speed of light measurement, Photo cell for Planck's constant, spectrometers, Cauchy's constant apparatus, Michelson interferometer, Franck-Hertz experiment apparatus, Zeeman Effect apparatus, Compton Effect apparatus and X-Ray Diffraction system.

Communications System Lab: This Lab is for MSc, M.Phil and PhD students to perform their practical and research work. The communication system lab has wide variety of equipments including frequency modulation, amplitude modulation, phase modulation, pulse width modulation trainers, amplifiers, analog to digital and digital to analog convertors, transmitters, receivers, FPGA, visible light communication tools, oscilloscopes, wave generators and optical fiber trainers. Numbers of software packages are there to program devices in this lab.

Microprocessor Lab: The Microprocessor Lab is for MSc, M.Phil and PhD students to perform their practical, and research work. This lab has number of practical facilities including 80386, 8086, 8088, 8085 microprocessor trainers, serial and parallel interfacing trainers, analog to digital and digital to analog convertors and computer interfacing trainers.

Mechatronics Lab: This Lab is for MSc, M.Phil and PhD students to perform their practical, and research work. The mechatronics lab has wide variety of equipment including sensors, actuators, automation tools, programmable devices and robots. Numbers of software packages are there to program devices in this lab.

Nanotechnology Lab: Nanotechnology Lab is for MPhil/PhD scholars and teaching faculty to perform their research work. Main facilities of this lab are nanoporous membrane fabrication machine, electropolishing setup, electroplating setup, hydrothermal setup for ZnO growth, Autoclave, Oven, furnaces, vacuum pumps, range hood, hotplate stirrers, digital balance, optical microscope, sonicators, and desiccators etc. This lab has a stock of variety of chemicals and pure materials. With above facilities this lab is functional for several projects including, fabrication of anodic aluminum oxide membrane, fabrication of titanium dioxide membrane, growth of ZnO nanostructures, carbon nanotubes, template assisted synthesis of nanorods, nanotubes, and nanodots, nanostructured device fabrication including solar cells, nanogenerators, sensors and microfluidics.

Microfabrication Lab: This lab provides facilities for fabrication of microdevices such as microfluidic devices, microactuators, microsensors, and microgenerators. Main facilities in this lab are: photolithography setup, magnetron plasma sputter, thermal evaporator, spin coater, vacuum degassing setup, and chemical etcher etc.

Characterization Lab: This is research lab for MPhil/PhD scholars and teaching faculty to perform their research work. The characterization lab is providing facilities in variety of fields in Physics. The main function of this lab is to provide facilities for different types of measurements and detections with high accuracy. This lab is equipped with electrometers, LRC meters, nuclear detectors, and resistivity measuring equipment, dielectrics constant measuring equipment, magnetic flux generators and measuring tools, sensitive amplifiers, digital analyzer, oscilloscopes, spectrometers and data acquisition tools.

Chemistry

Program(s)

BS (Chemistry)

Eligibility

F.Sc/ A-Level

Duration

4 Years (8 Semesters)

Full time

Entry

Semester-1

Contact hours

(first year, full time)

Approximately 16-22 hours per week

Introduction

All materials and living things consist of atoms and molecules. Chemistry is the study of these atoms and molecules and how they interact with each other and the role they play in living things. Detailed knowledge of the subject is essential for entry to many interesting and challenging careers. Chemists are creative and can discover new substances, which can have a range of applications such as medicine that fight disease (e.g. aspirin, penicillin), or as materials that are very important in everyday life (e.g. PVC, Teflon, rechargeable batteries, superconductors and fuel cell materials). Chemists in Universities and research organizations work on the discovery of new medicines, new devices and materials and on advancing our knowledge of the World. Those in industry are involved in the production and analysis of chemicals. Chemists can work with engineers and business people to turn discoveries into commercially valuable products.

The Department of Chemistry started functioning with the establishment of the University in 1971 with Dr. Aijaz. A. Malik as Head of the Department. Two specializations, Organic chemistry and Inorganic chemistry were offered to students then. At that time, the students were sent to the University of Sindh for performing laboratory work as the laboratories in the department were in the process of development. The first batch graduated in 1973.

The Department has expanded now. Specialization in Physical Chemistry was started in 1977, Bio-Chemistry section was established in

1982 and Analytical Chemistry was started in 1984. In 2005 the department introduced Environmental Chemistry as the 4th compulsory subject in M.Sc Final.

Objectives

- To develop conducive environment for learning and research that will foster cadres of qualified and focused professionals for chemical industries, research organizations and educational institutions of Pakistan.
- To establish linkages between the Department and the local industries and solve their technical problems.
- To prepare students for the local, national and global market by enhancing their international knowledge and developing the social confidence and adoptability they need to operate internationally.

Job/Career Opportunities

- Educational Institutes, Colleges and Universities.
- Pharmaceutical Industry.
- Pakistan Agriculture Research Council (PARC), Atomic Energy Commission.
- Public / Private Research Organizations.

Facilities

Five Specializations are offered by the Department of Chemistry and there are five teaching and five research Laboratories. All the laboratories are adequately equipped.

Computer Laboratory: There is a computer laboratory having 25 PCs with internet facilities.

Departmental Library: The departmental library is managed by a qualified librarian and has over 2500 books covering a wide range of disciplines in Chemistry for teaching and research purposes. These books are in addition to more than 2000 Chemistry books stocked in Central Library of the University. In 2007 about 300 books of latest addition have been purchased for the seminar library. The departmental library also has a vast collection of international research journals.

Internet Facility: The internet facility is available in all laboratories, library and rooms for the teachers. A large number of international research journals are also available on Digital Library provided by Higher Education Commission and research article of interest can also be downloaded.

Introduction

Mathematics is fundamental and indispensable to a large part of modern Science and Technology. Progress in other disciplines is often linked to an increased use of Mathematics. Mathematics is however also a subject in itself and fundamental research is a necessary condition for its many applications. Mathematics is the backbone of all disciplines. It has extensive applications in Physics; engineering, economics, geography, computer science, statistics; social science and many other fields. Our aim in this department is; The Department of Mathematics started functioning in 1972 with a small number of students and only one regular staff member. In 1980, it emerged as a full-fledged department. The Department has now a full-fledged faculty of 15 members and is offering M.Sc., M. Phil and Ph. D in the fields of Pure and Applied Mathematics.

Objectives

- To provide a variety of courses that have been instrumental to create batches of qualified and focused professionals to meet the future needs of educational institutes or Industries.
- To develop cadres of students will have knowledge of such basic ideas as rigorous argument, formal proof and the power of formulation and solution of problems, together with deeper ideas of mathematics in which they have decided to specialize.

Job Opportunities

- Banking, Scientific and technological institutes such as SUPARCO, Atomic Energy Commission, PASTIC, and Pakistan Science Foundation.
- Teaching Jobs in Colleges and Universities.

Programs

- BS (Mathematics)

Eligibility

- Intermediate with Mathematics, securing at least 50% marks in aggregate. Or
- Any other examination of a Foreign University / Institution / Examining Body, equivalent to Intermediate with Mathematics. Equivalence and percentage of marks will be determined by IBCC. Or
- Diploma of Associate Engineering Examination, securing at least 60% marks in aggregate.

Introduction

Statistics is a fundamental science, which exerts a vital and dominant role in the development of other scientific disciplines. Statistical Science skills are important in all applied sciences (life sciences, medicine and related fields, physical sciences) and are becoming increasingly so in emerging fields that require analysis of complex data such as agriculture, business and finance. There is a constant demand for graduates with these skills in both industry and academia. Statistics also has a direct impact on society and economy besides science and technology. The Department of Statistics was established in March 1979. Prof. Joseph Elfenbein was the founder of the Department. Incepted with regular programs of MSc, the department has also started programs in M.Phil and Ph.D.

Objectives

- To create and develop cadres of motivated researchers, scholars and practitioners to meet the needs of agriculture, industry, research organizations and educational institutions of the local, national and international level.
- To foster an environment that promotes learning through quality teaching and research while encouraging mutual respect, tolerance and sensitivity.

Job Opportunities

Statistics degree holders can join.

- Educational Institutions, Colleges and Universities.
- Public / Private Research Organizations, Administration, Planning and Finance
- Provincial and Federal Bureau of Statistics
- Banks/NADRA/Health and Agricultural departments
- Energy Sector

Introduction

The Department of Commerce has evolved as one of the flagship departments of University of Balochistan. The department has been instrumental in providing the young learners with a profound understanding of theoretical and practical aspects of the Commerce as a discipline and a real life phenomenon. Since Inception (1973) the department has crossed milestones of its growth and development. Starting with undergraduate studies, the department has gradually built B.Com and M.Com programs. The department unfolds viable educational environment that tend to fester both research and analysis skills of the students. Seminars, debates, dialogues, and workshops have been conducted by the department to develop cadres of quality human resource in the domain of commerce, industry and business at local, national and international levels.

The Department, in keeping with the advances made in different branches of commerce, has revised the curriculum from time to time. The last revision of curriculum has taken place very recently in 2016. Under the new curriculum, the Department has upgraded to the system of semester-based teaching. Currently, M.Com. Program run by the Department both in the Morning and Evening Sessions, offers 19 Core courses 04 Elective / Specialization courses and a Research Project. M.Phil and PhD program have also been structured to cater the need of Balochistan in area of Commerce & Business.

Leadership and faculty of the department are seeking ways to enable the students to be the business leaders, Managers, Entrepreneurs, Auditors, Bankers etc. of tomorrow, this approach would definitely lead students towards their targeted job market and make their way clear

towards the destination of professionalism. Alumni record validates that major portion of provincial workforce in the business and banking sectors have already been graduated from Department of Commerce, UOB, either at bachelor levels or Master levels.

Objectives

- To provide updated, well informed and fresh knowledge base through up-dating the curriculum of the study programs so that to meet the leading regional and global challenges and harness the opportunities opening in the wake of China-Pakistan Economic Corridor (CPEC) at national and particularly provincial level.
- To develop an environment stemmed in learning and education of the commerce and business for cadres of students from diverse backgrounds so that high quality of human resource could be created through opening study programs of B.S (four-year program), M.com program, M Phil and PhD programs.

Jobs/Career Opportunities

- Alumni of the Department of Commerce are currently being engaged in different fields of public and private sector like NGOs, Education, Business, and Banking etc. hence commerce students may seek career/job in following areas:
 - Financial Institutions
 - Audit and Accountancy Firms
 - Federal & Provincial Audit Departments
 - Industries and Commerce Department
 - Taxation Management
 - Banking Sector
 - Entrepreneurship
 - Local & Multinational NGOs
 - Public & Private Sector Organizations
 - Commerce Colleges

Introduction

The leading economic, cultural and environmental changes at global level have largely impacted nations and societies all over the world. The free market economy and trade liberalization policies have figured out the need of modern institutional networks that seeks for highly efficient and vigilant management systems at different public and private sector institutions. While zooming in the emerging situation and peculiar challenges and opportunities in Pakistan generally and Balochistan especially, the discipline of management sciences need to be highly responsive and relevant to the needs of the people.

The inception of IMS in 2000 was aimed to impart quality education in management and administration to strengthen the human resource base in Balochistan. The Institute started its journey with the name of Department of Administrative Sciences in 1989 and Mr. Muhammad Hassan Shaikhwa led as the first Chairman of the department. The department was upgraded to the Institute of Management Sciences on 2000.

The IMS has established high quality of study programs, research, analysis and practice environment and since inception has created cadres of high quality of HR that are contributing in various institutions as leaders, managers and administrators.

Objectives

- To design and develop programs that can fulfill the need of producing quality human resource in the fields of specialized functional areas of management sciences, including management information systems and to develop cadres of conceptually and

technically equipped professionals in Management Sciences who can contribute as leaders, managers and creators of the management systems and institutions in the public and private sectors organizations.

- To develop human resource for undertaking applied and synthesizing research ventures, in-depth analysis and practical skills for responding on the basic issues, challenges and opportunities of economy, commerce, and services at various public and private sectors.

Job/Career Opportunities

- Private and Public Sectors Organizations.
- Financial Institutions.
- Insurance Companies.
- Local and Multinational NGOs.

Introduction

Incepted in 1971, the Department of Economics is one of the initial departments of University of Balochistan which has evolved from the experiences carried out at government degree college Quetta. The need of establishing this department was highly felt at various levels. The contribution of department at various levels has always validated the need and rational of this very important discipline in the province.

As a discipline of social sciences, Economics tends to seek and explore the relationship between needs and scarce means which have alternative uses. Economics is the study of general principals of administration of resources, of an individual, a household, a business, or a State; this also includes the examination of the way in which waste arises in all such administration. Economic phenomenon or activity means every systematic Endeavour to satisfy a material need, or more precisely one which seeks with the available means to achieve the best possible results, or a given result with the least possible means.

In the course of consistent 55 years, the department has built viable academic and research systems, highly skilled and intellectual recognized faculty, trained and educate thousands of the young economists at provincial and national levels.

Objectives

- To foster a viable research, teaching and practice environment in the department that can potentially promote learning through quality teaching and research, while encouraging mutual respect, tolerance and

sensitivity at society.

- To prepare economic practitioners and researchers that can contribute in shifting the paradigm of economics at national and provincial levels while working with public and private sector organizations and institutions.

Job/Career Opportunities

- Provincial & federal public-sector departments; Planning & Development, Irrigation, Agriculture, Industries, Finance, Trade & Commerce
- Financial Institutions & organizations such as; Planning Commission, State Bank, Commercial Banks, Zari Taraqiati Bank, Micro Finance Banks, Development Financial institutions PICIC, TDAP, BOI, Research Institutes
- Private Sector Organizations
- Bilateral and Multilateral International Development Donor Organizations e.g. World Bank, UNDP, JICA, CIDA, etc.
- NGOs (local, national and international)

Facilities

Reference Library: The department has developed a full fledged library that timely facilitate all the students enrolled in different programs. The library is named after Prof. Shukarullah who is one amongst the architects of this department. Qualified librarian support students with above 3000 books available on economic and other interdisciplinary subjects. A large number of international research journals are also available on the digital library. journals of reputed national institutions.

Internet and ICT: Department provide learning and practice of Information and Communication Technology especially its applications in the field of economics. Free access to WI-FI networks is also facilitated by the department.

Computer Science & Information Technology

Program(s)

- BS(CS)
- BS(IT)

Eligibility

Intermediate (HSSC) with Mathematics or equivalent with Mathematics certified by IBCC

Duration

4 Years (8 Semesters)
Full time

Entry

Semester-1

Introduction

The advent of scientific advancement has rendered an overarching change in the lives of people all over the world. The process of continuous inventions in the field of computation has brought a revolution in communication, trade, business, war, education, health, and access to the knowledge of other planets and heavenly bodies in our solar system. After the devastating World War II, the discipline of computer science emerged out from the outgrowth of Physics. Incepted in 1948, this discipline has taken several giant leaps; the birth of personal computers in the 1970's has geared up the use of Information and communication technologies all over the world.

The emergence of Computer science as a discipline has taken a central position in the educational and development paradigms of the developing countries generally and Pakistan especially. The emerging socio-economic opportunities demand a responsive system and skilled human resources. In the recent years, China-Pakistan Economic Corridor (CPEC) demands slots of highly qualified and skilled human resource to excel the growth and prosperity of the country. The youth of Balochistan, particularly needs to be trained to contribute in the process of development and socio-economic empowerment.

University of Balochistan launched the department of computer science in 2000. Starting with, Master in Computer Science (MCS) in 2001, the department also initiated its programs of BS(CS) and BS(IT) in 2002. Over a course of a decade, the department harnessed its faculty and study programs and started MS and PhD programs in 2012.

Objectives:

- To design and develop effective study programs for creating cadres of highly potential and qualified professionals in the field of Computer Science (CS) and Information Technologies (IT) so that emerging demands of HR at national and provincial level in public and private sectors could be fulfilled.
- To develop academic and research environment at the department that will generate innovative learning, practicing ventures, new knowledge and innovative solutions in the field of computer science and ICT that will inculcate academic & research culture aimed at professional grooming and creative thinking.

Job/Career Opportunities

Graduates from this department are working in a wide range of government and private organizations of the country. Carriers and job opportunities are enormous of which a few are mentioned below:

- I.T based services, Commercial and financial public and private organizations.
- Computer Hardware/Software suppliers/users in public/private sector.
- Telecom Sector.
- Multi-National Companies.

Faculty

S.#	Name	Designation	Qualification
1	Dr. Ihsan Ullah	Assistant Professor/ Chairperson	Ph.D
2	Dr. Altaf Hussain Bouk	Professor	Ph.D
3	Dr. Atiq Ahmed	Associate Professor	Ph.D
4	Syed Amjad Hussain Jafri	Assistant Professor	M.Sc
5	Dr. Waheed Noor	Assistant Professor	Ph.D
6	Dr. Maheen Bakhtyar	Assistant Professor	Ph.D
7	Dr. Junaid Babar	Assistant Professor	Ph.D
8	Dr. Abdul Basit	Assistant Professor	Ph.D
9	Mir Saadat Baloch	Assistant Professor	Ph.D
10	Mr. Muhammad Khalid Badini	Assistant Professor	MS
11	Mr. Syed Mohammad Zubair	Assistant Professor	MS
12	Mr. Anwar Ali Sanjarani	Lecturer	MS
13	Mr. Jalaluddin Qureshi	Lecturer	MCS
14	Dr. Muhammad Shumail Naveed	Lecturer	Ph.D
15	Dr. Liaquat Ali	Lecturer	Ph.D
16	Dr. Tayyaba Noreen	Lecturer	Ph.D
17	Mr. Imran Ali	Lecturer	MS
18	Mr. Imamdad	Lecturer	MS
19	Mr. Azam Khan	Lecturer	MS
20	Ms. Shafaque Saira Malik	Lecturer	MCS
21	Ms. Fatima Tariq	Lecturer	BS(IT)
22	Mr. Muhammad Saeed Hussain	Lecturer	BS(CS)
23	Mr. Asfand Yar Khan	Lecturer	BS(CS)

SEMESTER BREAKUP BS(CS)

Year 1	Sem-1 Total 17 Credit Hrs.	Introduction to Information and Communication technology (Com. Gen. Edu)	Programming Fundamentals (Comp. Core)	Pakistan Studies (Gen. Edu)	University Elective I	Islamic Studies	Discrete Structures (Comp. Core)
	Course Code	CS-601	CS-602	PK-601	EG-601	PK-602	CS-603
	Credit Hrs.	3(3-0)	4(3-1)	2(2-0)	3(3-0)	2(2-0)	3(3-0)
	Sem-2 Total 16 Credit Hrs.	Linear Algebra (Com - Supporting)	Technical and Business Writing (Com. Gen. Edu)	Psychology (Uni. Elective II)	Object Oriented Programming Programming(Comp. Core)	Basic Electronics (Comp. Supporting)	-
	Course Code	MT-601	EG-602	EL-601	CS-604	EL-602	-
Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	4(3-1)	3(3-0)	-	

Year 2	Sem-3 Total 18 Credit Hrs.	Digital Logic Design (Comp. Core)	Calculus & Analytical Geometry (Comp. Core)	Probability and Statistics (Comp. Core)	Computer Architecture and Organization (Comp. Sc. Core)	Communication Skills (Gen. Edu)	Principles of Accounting (Uni. Elec)
	Course Code	CS-605	MT-602	MT-603	CS-606	EG-603	EL-603
	Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)
	Sem-4 Total 15 Credit Hrs.	Microprocessor and Assembly Language (Comp. Sc. Core)	Data Structure and Algorithms (Comp. Core)	Multivariate Calculus (Comp. Sc. Core)	Organizational Behavior (Uni. Elec)	Economics (Uni. Elec)	-
	Course Code	CS-605	CS-605	ST-601	MG-602	EL-604	-
Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)	-	

Year 3	Sem-5 Total 17 Credit Hrs.	Operating System (Comp. Core)	Database Systems (Comp. Core)	Theory of Automata (Comp. Core)	Design and Analysis of Algorithm (Comp. Core)	Differential Equations (Comp. Sc. Supporting)	-
	Course Code	CS-609	CS-610	CS-611	CS-612	ST-602	-
	Credit Hrs.	4(3-1)	4(3-1)	3(3-0)	3(3-0)	3(3-0)	-
	Sem-6 Total 18 Credit Hrs.	Introduction to Software Engineering (Comp. Core)	Data Communication and Computer Networks (Comp Sc. Core)	Artificial Intelligence (Computer Sc. Core)	Compiler Construction (Comp Sc. Core)	CS Elective I	CS Elective II
	Course Code	CS-613	CS-614	CS-615	CS-616	-	-
Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)	

Year 4	Sem-7 Total 18 Credit Hrs.	Professional Practices (Gen. Edu.)	Human Computer Interaction	Information Security	CS Elective III	CS Elective IV	Final Year Project
	Course Code	SS-615	CS-618	CS-619	-	-	-
	Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)

	Sem-8 Total 12 Credit Hrs.	Numerical Computing (Comp Sc. Supp.)	CS Elective V	CS Elective VI	Final Year Project (Comp Core)	-	-
	Course Code	CS-620	-	-	-	-	-
	Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	-	-

Total Credit Hours: 131

SEMESTER BREAKUP BS(IT)							
Year 1	Sem-1 Total 18 Credit Hrs.	Fundamentals of ICT	Programming Fundamentals	Calculus & Analytical Geometry	Functional English	Basic Electronics	Islamic Studies / Pakistan Studies
	Course Code	IT-602	CS-602	MT-602	EN-601	EL-602	PK-602
	Credit Hrs.	3(3-0)	4(3-1)	2(2-0)	3(3-0)	3(3-0)	2(2-0)
	Sem-2 Total 19 Credit Hrs.	Discrete Structures	Object Oriented Paradigms	Communicati on Skills - English-II	Probability and Statistics	Digital Logic Design	Principles of Psychology
	Course Code	CS-603	CS-604	EG-603	MT-603	CS-605	EL-601
	Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	4(3-1)	3(3-0)

Year 2	Sem-3 Total 19 Credit Hrs.	Data Structure and Algorithms	Linear Algebra	Computer Communication & Networks	Principles of Accounting	Information System	Technical & Report Writing
	Course Code	CS-606	MT-601	CS-621	EL-603	IT-603	EG-604
	Credit Hrs.	4(3-1)	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)
	Sem-4 Total 15 Credit Hrs.	Organizational Behavior	Internet Architecture & Protocols	Software Engineering	Database Systems	Multimedia Systems & Designs	Pakistan Studies
	Course Code	MG-602	IT-604	CS-613	CS-610	IT-605	PK-601
	Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	4(3-1)	3(3-0)	2(2-0)

Year 3	Sem-5 Total 17 Credit Hrs.	Operating Systems	OO Analysis & Design	DB Administration & Management	Web Systems and Technologies	Technology Management	IT-Elective- 1
	Course Code	CS-609	IT-606	EL-605	IT-607	IT-608	-
	Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)	-
	Sem-6 Total 18 Credit Hrs.	Human Computer Interaction	Systems and Network Adminstrati on	System Integration and Architecture	IT Project Management	IT-Elective II	IT-Elective III
	Course Code	CS-618	IT-609	IT-610	IT-611	-	-
	Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)

Year 4	Sem-7 Total 15 Credit Hrs.	Cloud Computing	Data & Network Security	IT-Elective IV	IT-Elective V	Capstone Project Part 1
	Course Code	SE-601	IT-612	-	-	-
	Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(3-0)
	Sem-8 Total 12 Credit Hrs.	Professional Practices	Capstone Project Part II	IT-Elective VI	IT-Elective VII	-
	Course Code	SS-615	-	-	-	-
	Credit Hrs.	2(2-0)	3(3-0)	3(3-0)	3(3-0)	-

Total Credit Hours: 136

Facilities

Departmental Library: The departmental library as well as the central library provide books covering a wide range of disciplines in computer science & information technology. A large number of prestigious research journals are accessible through digital library.

Transport Facility: The university provides pick and drop facility through busses on all major routes of the city.

Hostel accommodation: The University provides cost effective accommodation in its hostels for both male and female students.

Internet Facility: The internet facility is available in all Computer Labs & Teachers' offices.

Internship opportunities: The department encourages internships towards the end of the study program by establishing links with different organizations as well as provides skill gaining opportunities for students as internees in the university by promoting in-house software development for different sections of the university.

Introduction

The role of Libraries in the growth and development of societies has been central. The study of civilizations indicates that nations who shifted the history have evolved their culture on the basis of wisdom derived from the knowledge base produced and conserved in archives and libraries. The Library Science has emerged as one of the ancient disciplines historically. The emergence of academic and research institutions particularly owe library as an innate organ of its structure. Schools, Colleges, Research and Language Academies and Universities particularly have libraries that need trained and professional HR. With the growth of libraries need for professional careers arose both in libraries and information centers. Accordingly, library and information centers emerged as vital discipline. The Libraries in Balochistan were being managed mostly by untrained librarians. With the passage of time the need for trained library professionals became evident.

University of Balochistan launched its Department of Library Science (now Library and Information Science) in 1981. The Department started with

offering Diploma in Library science (DLS) under the chairmanship of Dr. Iftikharuddin Khawaja. Master of Library Science (MLS) program was gradually started in 1984. Similarly Master of Library & information Science (MLIS) was introduced in 2006 by revoking DLS and MLS programs of study. The department has also started M.Phil Program in 2016 and now going to start BS in Library & Information Science 4 years program in 2018

Objectives

- To foster an environment of learning, practice and analysis for creating qualified and focused professionals in the subject of Library and Information Sciences, so that demands of the public and private sectors could be met accordingly.
- To foster the portfolios of research and teaching of Library and Information Sciences that can upgrade the quality of systems and tools for effectively managing and enhancing the libraries and information centers.

Job/Career Opportunities

- Educational institutions in the public / private sector.
- Government / Semi Government and non-Governmental organizations.
- Libraries and information resource centers

Objectives:

- To create an understanding among the students about information dynamics and its relativity with the body of knowledge.
- To inculcate skills among students for evaluation, interpretation and use of information and documents in various forms.
- To develop skills among students for the organization of information sources and documents.
- To make the students aware of the service philosophy of library and information organization and to develop relevant skills for design and delivery of appropriate information services.
- To develop an understanding among students about the properties of literature in specialized domains and how these are reflected in management of different types of library and information agencies.
- To develop skills among students about the use of scientific methods of research and to promote problem oriented research related to library and information science in Pakistan.
- To develop understanding among the students about the application of information technology for efficient organization, storage and retrieval of information.
- To develop competencies among students for the management of libraries and information centres.

Faculty

Total Credit Hours: 131

Major Courses including research project/ internship				
Applied Classification	Applied Cataloguing	Resource Sharing and Networking	Quantitative Research Methods	Qualitative Research Methods
LIS-611	LIS-612	LIS-613	LIS-614	LIS-615
Library & Information Services in Pakistan	Indexing and Abstracting	Library Automation Systems	Marketing of Library and Information Services	Information Storage and Retrieval
LIS-616	LIS-617	LIS-618	LIS-619	LIS-620
Information Literacy	Bibliography: Theory and practice	Research Project / Internship	-	-
LIS-621	LIS-622	LIS-623	-	-

Elective Courses within the Major				
Digital Libraries	Media Librarianship	Data Base Design & Management	Web Development	Knowledge Management
LIS-624	LIS-624	LIS-624	LIS-624	LIS-624
Human Resource Management	Financial Management	Archives & Records Management	Intellectual Property Rights	Bibliographic Control
LIS-624	LIS-624	LIS-624	LIS-624	LIS-624
Project Management	Preservation & Conservation of Library Material	Serial's Management	Information Sources on Islam and Pakistan	Information Sources on Business & Industry
LIS-624	LIS-624	LIS-624	LIS-624	LIS-624

N. B. The students can opt "Thesis" as an elective course in terms of obtaining required (CGPA) i.e. 2.50 OR otherwise, if the students are not willing to opt thesis then they will have to study the courses that are LIS-627& LIS 628.

Facilities

Departmental library: The departmental library contains 1075 books and 350 theses for the learning, teaching and research purposes.

Computer / Internet: A Computer lab of 10 Pentium IV and 10 Core i 5 with 10 Wireless LAN Card as well as Internet facility is available as a requirement of practical work to meet the objectives of curricula to promote research activities and academic achievements.

Multimedia / Over Head Projector: Multimedia and Over Head Projector are available for academic and research activities.

Introduction

The Institute of Biochemistry, was established in 1986 initially as a research Institute entertaining only M.Phil / Ph.D students. Later in 1991 M.Sc. Program in Biochemistry was started. In 2006, BS (4 years) program in Biochemistry and Biotechnology was also started.

Biochemistry seeks to understand & explain living systems at the molecular level. It is a scientific discipline that finds applications across the biomedical & biological sciences & underpins the biotechnology revolution. It is developing at a rapid pace and has become an exciting and challenging subject.

Biochemistry tries to answer questions that are fundamental to life. What are the molecules that constitute living organisms? How are they made and how is their synthesis regulated? How are they organized into cells? How they interact with each other and how is their synthesis regulated? What is the molecular basis of such processes as genetic inheritance, immunological recognition of self and non- self? What goes wrong to cause human diseases such as cancer, heart attacks, Alzheimer and diabetes and how can such errors be corrected? This knowledge finds practical applications in medicine, agriculture, brewing and biotechnology. Biochemists devise new ways of diagnosing and treating human, animal and plant diseases.

Objectives:

- To prepare graduates in modern biological science such as Biochemistry/ Biotechnology who are able to make a valuable beginning in

many different careers in their practical life.

- To emphasis on research program exploring variety of technically feasible projects having socioeconomic importance, so as to be on the front line in solving our own problems in the area of biological sciences.
- To provide educational programs which encourage students to think creatively, constructively and to communicate their ideas effectively.
- To foster an environment that promotes learning through quality teaching and research while encouraging mutual respect, tolerance and sensitivity.
- To provide qualified and focused professionals in the subject of Bio-chemistry to meet the future needs of educational institutes and industry.
- To prepare researchers to meet the needs of industry and research organizations, science and technology.

Job/Career Opportunities

- Pharmaceutical /food industries.
- Public/Private research Institutes/centers relating to medical and agriculture.
- Educational Institutions-College/University level.
- Balochistan at present has become a hub of socio-economic activities. It is expanding its infrastructure and encourages development of industry. Numerous food & Pharmaceutical Industries are recently established in Hub. The PCSIR laboratory in Quetta is currently being expanded creating new job opportunities. In the teaching sector, a number of new Universities and Colleges in Balochistan are offering opportunities for Biochemistry graduates. Nationally also, research in Biomedical Sciences is attracting attention.

	Course Code	Bio-425	Bio-426	Bio-427	Bio-428	-
	Credit Hrs.	4(3-1)	3(3-0)	3(3-0)	3(3-0)	-
	Sem-8 Total 15 Credit Hrs.	Advance Biotech OR Advance Biochem	Bio-engineering OR Clinical Biochemistry	Seminar/ Quiz (Both)	Research (Both)	-
	Course Code	Bio-429	Bio-430	Bio-431	-	-
	Credit Hrs.	4(3-1)	4(3-1)	3(3-0)	4(4-0)	-

Facilities:

Well-equipped, purpose built laboratories. Major equipment in the Institute include, High Performance liquid Chromatography(HPLC); Gas Liquid Chromatography (GLC); Scintillation Counter; Electrophoresis Units; Centrifuges; Spectrophotometers; Furnaces; Autoclaves; Laminar Flow hoods etc etc.

Internet Facility. Laboratories are equipped with internet facility.

Computer Laboratory. A full-fledge computer laboratory equipped with 25 computer of high configuration complemented by internet facility.

Teaching Labs. Three well equipped and modern labs along with supporting staff are available for conducting practical for BS and M.Sc programs.

Research Labs. Four newly constructed labs with all modern facilities and a central lab, with many modern and updated research facilities are available for M.Phil and Ph.D scholars.

Departmental Library. A newly constructed departmental library with approximately 3000 books and scientific journals available for the students.

Botany

Program(s)
BS (Botany)

Eligibility
F.Sc (Pre-Medical) or its Equivalent

Duration
4 Years (8 Semesters)
Full time

Entry
Semester-1

Contact hours
(first year, full time)
Approximately 16-22 hours per week

Introduction

Botany is one of the main branches of Biology (zoology being the other); it is the systematic and scientific study of plants. Botany covers a lot of scientific discipline, such as chemistry, pathology, microbiology etc. Plants are a vital component of the Biosphere and are directly responsible for the conditions required for life on earth. Plants life can be studied from different perspectives i.e., from the genetic, molecular and biochemical level through different cell organelles, tissues, organs, individuals, populations, and plant communities. Plants are also the mainstay of human and animal diets and provide medicines, gum, timber, paper, clothing, shelter, and energy.

The department of botany was established in year 1979. Initially it was working as a Department of life sciences, but later on started functioning separately as Department of Botany since March, 1980. The Department is responsible to impart training in the field of plant sciences at undergraduate and post graduate level. The academic program comprises of courses leading to M.Sc. degree as well as research for M.Phil and Ph.D. degrees and independent research projects are also undertaken by the faculty members.

Objectives

- To prepare graduates and highly qualified focused professionals in the subject of Botany to meet the future needs of educational institutions/ research organizations/ forestry/ horticulture.
- To prepare researchers to meet the need of industry, science and technology.

- To provide educational programs which encourage students to think creatively, constructively and to communicate their ideas and skills effectively
- To foster an environment that promotes learning through quality teaching and research while encouraging mutual respect, tolerance and sensitivity.

Vocational Job Opportunities/Marketability of Graduates

- Education Institutes, Colleges and Universities.
- Pharmaceutical Industry.
- Forests, Wild life, Agriculture and Horticulture, Floriculture.
- Research Organizations, Pakistan Agriculture Research Council (PARC), Arid Zone Research Institute (AZRI), Pakistan Council for Science & Industrial Research (PCSIR), Pakistan Meteorological Department (PMD).
- Public / Private Research Organizations.

Faculty

S. #	Name	Designation	Qualification
1	Prof. Dr. Muddasir Israr	Meritorious Professor & Dean Faculty of Life Sciences	Ph.D & Postdoc
2	Prof. Dr. Saeed-ur-Rehman	Professor (Chairperson)	Ph.D
3	Prof. Dr. A.K.K. Achakzai	Professor	Ph.D
4	Prof. Dr. Atta Muhammad Sarangzai	Professor	Ph.D & Postdoc
5	Prof. Dr. Mufakhira Jan	Professor	Ph.D
6	Prof. Dr. Zahoor Ahmed Bazai	Professor & Director, QAD	Ph.D
7	Dr. Sadullah Laghari	Associate Professor	Ph.D
8	Dr. Mohammad Younis	Associate Professor	Ph.D & Postdoc
9	Dr. Ghazal Shaheen	Assistant Professor	Ph.D
10	Dr. Shamim Gul	Assistant Professor	Ph.D
11	Mrs. Basira Akhtar	Assistant Professor	M.Phil
12	Ms. Shazia Saeed	Assistant Professor	M.Phil
13	Ms. Bakht Zareen	Assistant Professor	M.Phil
14	Ms. Palwasha Achakzai	Assistant Professor	M.Phil
15	Ms. Ayesha Masood	Lecturer	M.Phil
16	Ms. Kanval Shaukat	Lecturer	M.Phil
17	Ms. Shaista Anjum	Lecturer	M.Phil
18	Mr. Tariq Ismail	Research Officer	M.Phil
19	Mr. Ghouse Bakhsh	Research Officer	M.Sc.

SEMESTER BREAKUP

	Sem-4 Total 18 Credit Hrs.	Mathematics for Botany	Diversity of Animal (Vertebrates)	Plant Physiology and Ecology	Biodiversity and Conservation	Biostatistics
	Course Code	MATH-601	ZOOL-604	BOT-604	BOT-605	BOT-606
	Credit Hrs.	3(2-1)	4(3-1)	4(3-1)	4(3-1)	3(2-1)

Year 3	Sem-5 Total 18 Credit Hrs.	Bacteriology and Virology	Phycology and Bryology	Mycology and Plant Pathology	Diversity of Vascular Plants	Plant Systematics	Environmental Biology
	Course Code	BOT-607	BOT-608	BOT-609	BOT-610	BOT-611	BOT-622
	Credit Hrs.	3(2-1)	3(2-1)	3(2-1)	3(2-1)	3(2-1)	3(2-1)
	Sem-6 Total 15 Credit Hrs.	Plant Anatomy	Genetics-I	Plant Biochemistry-I	Plant Ecology-I	Plant Physiology-I	-
	Course Code	BOT-612	BOT-613	BOT-614	BOT-615	BOT-616	-
	Credit Hrs.	3(2-1)	3(2-1)	3(2-1)	3(2-1)	3(2-1)	3(2-1)

Year 4	Sem-7 Total 15 Credit Hrs.	Molecular Biology	Plant Biochemistry-II	Elective-I	Elective-II	Elective-III
	Course Code	BOT-617	BOT-618	-	-	-
	Credit Hrs.	3(2-1)	3(2-1)	3(2-1)	3(2-1)	3(3-0)
	Sem-8 Total 12 Credit Hrs.	Plant Physiology-II	Elective-1V	Research project	-	-
	Course Code	BOT-619	-	-	-	-
	Credit Hrs.	3(2-1)	3(2-1)	6(0-6)	-	-

Total Credit Hours: 130

Optional Courses in Semester 7

Plant Ecology-II	Plant Tissue Culture (Advance course)	Palynology	Air pollution, its Impacts and control	Laboratory Techniques	Biohazards, Biosafety and Bioethics
BOT-622	BOT-623	BOT-624	BOT-624	BOT-625	BOT-626
3(2-1)	3(2-1)	3(2-1)	3(3-0)	3(3-0)	3(3-0)

Elective Courses in Semester 8

Plant Nutrition and Soil Fertility	Biodegradation and Bioremediation	Microbes, Man and Environment	Water Pollution, its management and control	Challenges of a changing earth	Genetics-II
BOT-628	BOT-629	BOT-630	BOT-631	BOT-632	BOT-621
3(2-1)	3(2-1)	3(2-1)	3(2-1)	3(3-0)	3(3-0)

Facilities

Research Laboratories. Nine research Laboratories in the field of Plant Physiology, Phycology, Environmental Biology/Taxonomy, Genetics, Economic Botany/Anatomy, Ecology, Phytosociology and Dendrochronology have been developed with sophisticated equipments.

Plant Tissue Culture Technology Laboratory. It deals with the mass production of plants, under aseptic environment employing artificial growing conditions in glass (In-vitro). This important technology is based on the principle that production of genetically modified plant is only possible if the target species have a successful and efficient regeneration system. The success of modern Plant Biotechnology is attributed to this very important technique, which plays an important role in in-vitro propagation of disease free plants and multiplying with unmatched speed of endangered species as well as species of difficult to regenerate.

Sophisticated Equipments. Atomic Absorption Spectrometer, Environmental Chamber, High Performance Liquid Chromatography (HPLC), Electrophoresis, Thermal Cycler, U.V-Vis. Spectrophotometer, Biophotometer, Germinators, Weather Monitoring Station, Flame Photometer.

Computer Laboratory. Department has well established computer laboratory equipped with 24 Pentium IV computers, connected with 2 printers and photocopier, which can be used by research scholars and faculty.

Departmental Library. The Departmental Library is managed by a qualified librarian and

has over 1300 Books covering a wide range of disciplines in Botany for teaching and research purposes. The Departmental Library also possesses research journals of plant sciences like, Pakistan Journal of Botany, Biologia, Journal of Forestry and Nature (back volumes). American Journal of botany (back volumes), Research Journal University of Balochistan, Journal of Cell Science and Journal of experimental Biology.

Internet Facility. The internet facility is available. A large number of international research Journals are also available on Digital Library provided by Higher Education Commission (HEC) and research article of interest can also be down loaded.

Field trip/Excursion: The major objectives are to familiarize the students with the flora and ecology of the different regions of Balochistan and Pakistan. During the Educational trip visits of Different universities and the research in institutes focused students towards development in field of Plant Sciences.

Research Journal. The Department of Botany is associated with the Internsational Society of Pure and Applied Biology (ISPAB) to publish a research journal entitled as "Pure and Applied Biology (PAB)". PAB is an online, peer-reviewed; open-access scientific journal and is devoted to publish selected papers of latest advancement dealing with original research in the field of Biology. It is published quarterly per year. The aim of the PAB journal is to offer a platform for research students / scientists

Microbiology

Introduction

Microbiology is the study of microorganisms; include Bacteria, Fungi, Viruses, and Protozoa etc. (both useful and harmful for human beings Plants and fish etc) through applying different scientific technique/s, microorganisms and microbial enzymes can be used in industrial processes to carry out reactions that are not economically feasible by chemical means. Microbiology offers the possibility of major improvements in the way medicines are developed and manufactured.

It is employed principally in health care (animal and Human beings), fine chemicals, brewing & distilling, food and food related industries, where they are involved in research and development, in process design & control, in management and in quality control. Therefore, various disciplines of Microbiology are prime choice of men and women, mainly because of its laboratory-based activities.

The Department of Microbiology was established in May 2006. The department is committed to the production of marketable and qualified product capable of finding solution/ remedies against prevalent and new emerging diseases, production of different vaccines and preservation of different foods etc. through research and development.

Currently the department offers B.S Microbiology, M.Sc Microbiology, M.Phil/M.S Microbiology and Ph.D Microbiology degree programs. Committed and qualified faculty of the department facilitates

research scholars and also carries out innovative projects in diversified areas of Microbiology

Objectives

- To foster an environment that promotes learning through quality teaching and research while encouraging students to excel their professional skills, concepts and practices so that to comply with the emerging market needs in the public and private sectors.
- To provide qualified and focused professionals in the subject of Microbiology to meet the future needs of educational institutes and/or industries.
- To prepare researchers to meet the needs of society, industry and research organizations, science and technology.
- To develop the department as a nursery for the advanced level degree programs at other institutions particularly in the province of Balochistan.
- To enhance higher education in the field of applied biology and microbiological sciences.

Vocational Job Opportunities/ Marketability of Graduates

- Food packaging and processing industry
- Quality control operations of safe drinking water
- Public Health Institutions
- Pharmaceutical Industry
- Diagnostic Laboratory Technicians / Experts
- Biological production industry
- Biotechnological interventions in environmental sciences like Bioremediation.
- Food safety authorities
- Environmental protection agency
- Agriculture research organizations

Facilities

Computer Laboratory:-The central computer laboratory of the University is located in the department of Physics and could also be used by research scholars/ teachers of other department. An independent computer laboratory has also been established at the Department where the students are also allowed to avail the facility to acquaint with latest available knowledge through internet facility.

Department Library:- A department library has been established and about 800 books on different topic of basis microbiology subjects are available for the students. Purchase of relevant books is in progress. Facility of Central Library has also been extended to the students, to increase their desired knowledge. Further, the library of CASVAB has all the relevant text/ reference books and laboratory manual concerning to the subject which are also made available for the students enrolled at the Department of Microbiology.

Internet Facility:- 10 Computers along with internet facility are available at the Department and students are allowed to use the internet after university timings.

Journals and Articles:-A large number of international research journals and articles are also available on Digital Library provided by here Higher Education Commission and facility has been extended to the students for downloading research articles etc.

Multimedia and overhead Projector Facility: - For teaching subjects on modern lines facility of Overhead project is available at the department

Introduction

Zoology is the study of organism and their surrounding environment. Basically, it is a combination of various disciplines such as Genetics, Physiology, Developmental Biology, Bio-nanotechnology, Parasitology, Entomology, Fisheries and Wild life etc. it plays pivotal role in socio-economic empowerment of poverty and in human resource development.

The Department of Zoology is one of the oldest department, started since 1979 under the Chairmanship of Doctor Maqsood Ali Ph.D (USA). It is offering graduate, postgraduate and doctoral program in various disciplines of zoology.

Objectives

- To provide qualified and focused professional in the subject of Zoology to meet the future need of educational institutes, industry and society.
- To prepare research to meet the need of industry and research organization, science and technology.
- To impart knowledge of major disciplines of Zoology, enabling the students to understand the principle of organization and inter-relationship in the Biological system with particular references to animal diversity.
- To teach different methods of exploration. Investigation, organization to date and its utilization in practical life.
- To equip students with knowledge and skill for the better planning and management of animal resources, environment, health, medicine, agriculture post control.
- To provide education program which encourage students to think creatively.

- To foster environment that promotes learning through quality teaching research while encouraging mutual respect, tolerance and sensitivity.

Job/Career Opportunities

- Teaching and Research in public and private organizations
- Forestry, Agriculture and Biological control program
- Integrated pest management
- Poultry, Fisheries and livestock industry.
- Wildlife management and conservation, Government/NGO
- Environmental conservation and protection agencies

Introduction

Pharmacy is the health profession that links the health sciences with the chemical sciences, and it is charged with ensuring the safe use of medication. The scope of Pharmacy practice includes more traditional roles such as compounding and dispensing medications, and it also includes more modern services related to patient care, including clinical services, reviewing medications for safety and efficacy, and providing drug information. 1.2 The significance of Pharmacy profession and the role of Pharmacists in uplifting health care system have been well established and acknowledged all over the world. The Pharmacy profession is well known as a “Life Saving Profession”. The major emphasis of the World Health Organization (WHO) in the developing countries is to provide prompt and economical means for caring human health. This noble task cannot be achieved without Pharmacists because they are the only ones who know about drugs and related substances. 1.3 Faculty of Pharmacy was established in 1980 and due to high demand of its graduates; it is one of the most sought after discipline. It is very well staffed and equipped. Due to its high standard it is recognized by Pakistan Council of Pharmacy.

Objectives:

- To prepare professional and focused pharmacists for the provision of high level pharmacy services in a range of services.
- To provide an opportunity to students to acquire specialized knowledge and skills in pharmacy practice.
- To provide qualified and focused professionals in the subject of pharmacy to meet the needs of health care system, clinical pharmacy, industry and society.

- To prepare researchers to meet the needs of industry and research organization as community pharmacist, science and technology.
- To impart knowledge of major disciplines of pharmacy, enabling the students to understand the principles of organization and inter-relationship in health with particular references to pharmacy.
- To teach different methods for exploration, investigation, organization formulation of data and its utilization in practical life, particularly in health field.
- To equip students with knowledge and skill for better planning and management of Hospital Pharmacy, Clinical Pharmacy, Community Pharmacy and Health Medicine.
- To provide education programs, which encourage students to think creatively Medical Sales Officer, Medical Sales Representative etc.

Job/Career Opportunities

- Pharmaceutical /food industries.
- Public/Private research Institutes/centers relating to medical and agriculture.
- Educational Institutions-College/University level.
- Balochistan at present has become a hub of socio-economic activities. It is expanding its infrastructure and encourages development of industry. Numerous food & Pharmaceutical Industries are recently established in Hub. The PCSIR laboratory in Quetta is currently being expanded creating new job opportunities. In the teaching sector, a number of new Universities and Colleges in Balochistan are offering opportunities for Biochemistry graduates. Nationally also, research in Biomedical Sciences is attracting attention.

Faculty

1. DEPARTMENT OF PHARMACOLOGY:

S#	Name	Designation	Qualification

Introduction

Physiotherapy is a healthcare profession aimed at changing and improving the mobility, physical independence and quality of life. It focuses on treating a variety of conditions including but not limited to Musculoskeletal, Neurological, Cardio-Respiratory, Pediatrics, Geriatrics, Women Health and Sports Injuries. Physiotherapists work with patients varying in age, athletic ability and activity level, and are responsible for treating a wide spectrum of health conditions – both acute & chronic. Physiotherapy diagnosis is based on principles of clinical decision making through examination, evaluation, prognosis, interventions and outcome evaluation. They are an important part of healthcare team, who work directly with the patients ensuring their recovery after surgery, injury, fracture or other acquired disability. Patients suffering from chronic conditions such as Diabetes, Heart Disease, Arthritis, Joint Pain, Cancer and Neurological disorder like Parkinsonism and Stroke also require consult from a trained Physiotherapist. People who want to adopt Physiotherapy & Rehabilitation as a career are required to go through a 5 year Doctor of Physiotherapy [DPT] program. Doctor of Physiotherapy is a highly respected and sought after professional degree the world over. With the world wide population increasing steadily, DPT is one those of those qualifications that will remain in high demand the world over for years to come.

Job/Career Opportunities

- Teaching at Colleges/Universities
- Public Sector (Physiotherapist 17 scale jobs)
- Private Hospitals
- Private clinics

- Physical Medicine & Rehabilitation centers
- NGOs
- Aid Agencies & organizations
- Sports clubs & teams
- Researchers
- Medical Technology companies
- International job placements

Introduction

Eastern Medical Education aims at producing competent eastern medicine (tibbi) physicians. Such physicians, with practical training based on scientific knowledge of modern diagnostics and Tibbi fundamentals will be able to take up responsibilities in health services. Pakistan is not the only country teaching such courses. Many developed countries have adopted the concept of alternative medicine. In Japan, it is called 'Kampo' that has a society that exceeds more than 10,000 members. In India and China, they have specialized hospitals where patients are treated with herbal medicines. In this situation, the quest for an alternative system of medicine always remained in the minds of health specialists. As a result of continuous efforts, the National Council for Tibb (NCT) a regulatory and registration authority for Eastern Medicine was established. NCT helped in improving tibbi medicine and the registration of eastern medicine (tibbi) practitioners. The objective behind this program is to prepare batches of knowledgeable and committed eastern medicine practitioners Tabibs who could become agents of change by fulfilling healthcare needs of the masses based on centuries old wisdom and expression of Tibb.

Job/Career Opportunities

- General Practice / Private Practice: Set up a private clinic as practice as Registered eastern medicine (Tibbi) physician Practitioner, authorized to prescribe eastern

(Tibbi) Medicine.

- Teaching Career: Appointed as lecturer/instructor in Tibbi institutions, Deptts. of Eastern Medicine, etc.
- Appointed as Registered eastern medicine (Tibbi) physician Practitioner in any private institution as a recognized tibbi practitioner.
- Appointed as a scientific officer, research officer, in quality assurance, production, etc. in eastern medicine (Tibbi) pharma industry, as Sales officer, Product Promotion Officer of Tibbi pharmaceutical industry, etc. and as Food & Nutrition Education Officer, Food Supervisor, Food Inspector in Govt., Semi Govt., and Private sectors.

Facilities:

Teaching Laboratories: The Faculty of Pharmacy has 6 well-equipped and modern laboratories along with the supporting staff to cater the needs of Pharmacy students.

Research Laboratory: A separate well equipped laboratory will be developed for M.Phil and Ph.D students.

Computer Lab: Computer laboratory is established which can be used by students and research scholars of the Faculty.

Industrial Lab: The faculty of Pharmacy has established a well-equipped and modern industrial lab for students Graduates and researchers. Faculty Library. The Faculty library is managed by a qualified librarian and has over 800 books covering a wide range of disciplines in Pharmacy for teaching and research purposes. These books are in addition to more than 1000 titles of Pharmacy books stocked in Central library of the University. The Faculty library also has a vast collection of International Research Journals. A complete list of these Journals can be obtained from the librarian.

Internet Facility: The internet facility is also available in all laboratories and library number of International research journals are available on Digital Library provided by Higher Education Commission and research articles of interest can also be downloaded.

Microbiology Research Laboratory: A separate well equipped Laboratory has been developed for subject of Microbiology and higher research students.

Introduction

Geology is the science of earth dealing with rocks, minerals, the origin, history and structure of the earth. It plays an important role in the economy of a nation. It is one of the most important subjects of basic and applied sciences, particularly with reference to the Balochistan province, which provides excellent opportunities for the development and exploitation of natural resources. Balochistan has high prospects for geological research and exploration of economic mineral deposits, petroleum, groundwater and other natural resources.

The Department of Geology is one of the seven departments, established at the raising of the University of Balochistan in 1971. During the initial years, the department offered only M.Sc. courses. Now BS 4th Years (Applied Geology) Program is also offered.

Objectives

- To prepare high quality professionals in the Field of geology through 4-Years B.S. (Applied Geology) and 2-Years M.Sc. (Geology) programs in order to meet the national and international needs.
- To prepare professional and skilled manpower in the field of Applied Geology, capable of carrying out geological field and analytical work independently.
- To provide training to plan and conduct goal-oriented research projects and assess their socio-economic aspects, achieve targets, write

technical reports and scientific research papers and provide consultancy services.

Vocational Job Opportunities/ Marketability of Graduates

- The graduates will have opportunities to work in the following organization: Geological Survey of Pakistan (GSP)
- Pakistan Atomic Energy Commission
- Hydrocarbon Development Institute of Pakistan
- Water and Power Development Authority (WAPDA)
- Oil and Gas Sector
- Pakistan Mineral Development Corporation (PMDC)
- Balochistan Development Authority (BDA)
- Public Health Engineering Department
- Various Educational Institutions (Mostly Universities and Colleges) and various national and International Mineral Exploration Companies.
- The opening of new projects, such as Saindak Metals Limited, Rikho-Dic Copper-Gold Project, Gawadar Port, construction of dams, development of gas pipeline from Iran to India, development of water reservoirs and thermal (coal-based) power stations in the country, have high potential for new job opportunities.

Optional Courses				
Mineralogy and Petrology	Paleontology and Stratigraphy	Economic Geology	Engineering Geology	Petroleum Geology
GROUP-I	GROUP-II	GROUP-III	GROUP-IV	GROUP-V
Applied Geophysics	Geochemistry	Sedimentology	Hydrogeology	Industrial Mineralogy
GROUP-IV	GROUP-VII	GROUP-VIII	GROUP-IX	GROUP-X
Marine Geology	Environmental Geology	Structural, Tectonics and Neotectonics	-	-
GROUP-XI	GROUP-XII	GROUP-XIII	-	-

Facilities

Departmental Library: Library of the department contains more than 2500 textbooks, reference books, geological encyclopedias, field reports and audiovisual materials (i.e. geological videos, CDs, slides and Transparencies).

Geochemistry Laboratory: This laboratory has some facilities for geochemical analysis. It is equipped with glassware and chemicals.

Petrography Laboratory: The petrography lab has facilities for megascopic analysis of minerals and rocks.

Microscopic Laboratory: This laboratory is well equipped for microscopic analysis of rocks and minerals. It contains transmitted and reflected research microscopes, polarizing microscopes and projected microscopes. One of the research microscopes has attached computer, display monitor and camera for obtaining microphotographs.

Thin Section Workshop: This workshop contains facilities for preparation of thin sections of rocks and is equipped with rock cutting machine, polishing machine, grinder with different sizes, abrasive sands and other chemicals used for preparation of thin sections of rocks. Other equipment's include crusher, water distal plant and micro grinder.

Computer Laboratory: This laboratory is equipped with fifteen computers, a Laser Printer, a Scanner and a Photocopier. Computers have connection with the main network of University and internet. A large number of international research journals are also available on the Digital Library provided by the HEC, where students can download research articles of their interests.

Museum: Museum is one of the attractive places of the University. It contains about 1000 specimens of Rocks, minerals and fossils of foreign and local collections.

Introduction

Geography examines the interlocking systems of the natural and human environments; evaluates earth's potential and assesses the available means to exploit these potentials in a sustainable manner for the man's life. Geography explains human behavior in spatial terms at all levels from small scale personal activities to the geo-political practices of nation-states. Geography is one of the old and mother disciplines that bridges physical and social sciences. The major essence of geography is to explain and map terrestrial processes at various spatial and temporal scales on the surface pertaining to physical and human environments. The GIS, Remote Sensing and Computer based Cartography skills help one to understand easily the human induced changes to the environment which threaten the balance of life itself. The Department of Geography was established in 1985. It caters formal education and research in the fields of Human and Physical Geography with a focus on spatial dimensions of human activities and physical landscapes and awards Master, M.Phil and Ph.D. Degrees. Apart from M.Sc. the Department of

Geography offers higher studies of M.Phil. & Ph.D. programs. Since 2011, the Geography curriculum encompasses new programs including Environmental Sciences, Climate Change Studies, and Resource Management.

Objectives

- To provide educational programs which encourage students to think creatively, constructively and to communicate ideas effectively.
- To foster an environment that promotes learning, research and practice through quality teaching and research while encouraging mutual respect, tolerance and sensitivity.
- To provide qualified and focused professionals in the subject of Geography to meet the future needs of educational institutions and field oriented research departments.
- To prepare researchers to meet the needs of administration and research organizations.
- To keep the society aware regarding socio-cultural, environmental and economic problems in variety of spatial settings.
- To develop skill of quantitative analysis in addition to their descriptive capabilities of problems analysis and identification.

Vocational Job Opportunities/ Marketability of Graduates

- There is a lot of demand of Geography's graduates in various sectors and are reported competitive and well performers. A few employment opportunities institutions are listed below:
 - All educational and research institutions
 - Planning and Development Departments
 - Firms consulting on environmental problems
 - Institutions needing Environmental Analysts
 - As a GIS Analyst in Corporation Operating GIS
 - Census Organizations: Population, Agricultural and etc.
 - Government Strategic Policy Analysis Departments
 - Armed Forces (Air Force, Navy and Army).
 - Natural Resource Management (NRM)
 - GSP and Survey of Pakistan
 - Meteorological Observatories of Pakistan
 - Tourism Departments
 - Crisis Management Cells
 - National Disaster management Authority (NDMA)
 - Educational Institutions
 - SUPARCO
 - As a Social organizer in NGOs.
 - Rural Development & Local Government
 - UNDP
 - Water and Power Development Authority (WAPDA)
 - Geosciences Laboratories
 - Pakistan Mineral Development Corporation (PMDC)
 - Pakistan Steels
 - Ministry of Petroleum (Petroleum Cell)
 - Civil Services of Pakistan
 - Oil & Gas Development Corporation (OGDC)
 - Pakistan Petroleum Ltd. (PPL)
 - Pakistan Atomic Energy Commission

Faculty

S.#	Teacher's Name	Designation	Qualification
1	Prof. Dr. Iftikhar Ahmad	Professor / Dean, Faculty of Earth & Environmental Sciences	Ph.D

	Course Code	GEOG-614	GEOG-615	GEOG-616	GEOG-617	GEOG-618	GEOG-619
Credit Hrs.	3(3-0)	3(2-1)	3(2-1)	3(3-0)	3(3-0)	3(3-0)	

Semester-VII (Specialization – Group – I)							
Year 4	Sem-7 Total 15 Credit Hrs.	Preparation of Synopsis / Research Project	Specialization in Regional Planning	Introduction to Regional Planning	Regional Planning Techniques	Rural Development Planning	Urban Planning and Management
	Course Code	GEOG-620		GEOG-621	GEOG-622	GEOG-623	GEOG-624
	Credit Hrs.	3(2-1)		3(3-0)	3(2-1)	3(3-0)	3(3-0)
	Sem-7 Total 15 Credit Hrs.	Preparation of synopsis / Research Project	Specialization in Physical Geography	Techniques in Geomorphology	Applied Geomorphology	Quaternary Geology	Climate Change Studies
	Course Code	GEOG-620		GEOG-621	GEOG-622	GEOG-623	GEOG-624
	Credit Hrs.	3(2-1)		3(2-1)	3(3-0)	3(3-0)	3(3-0)
	Sem-7 Total 12 Credit Hrs.	Political Geography		Introduction to CPEC (China Pakistan Economic Corridor)		Thesis Writing	
	Course Code	GEOG. 625		GEOG. 626		GEOG. 627	
	Credit Hrs.	3(3-0)		3(3-0)		6(6-0)	

Total Credit Hours: 134

Field Research

Field research is aimed with a goal to produce human resource (students) be skillful, technical and more professional in writing, analysis of data, interpretation and expertise in conversion of spatially located data into regional study.

Facilities

Laboratories: The department has the facilities of various laboratories like; Meteorological Laboratory, GIS and RS Laboratory, Cartographic Lab, Geomorphological Lab. (Combined use the Geology Department's museum for Identification of rock samples)

Departmental Library: The departmental library is managed by a qualified librarian and has a collection of books covering a wide range of disciplines in Geography. The existing library provides services to both students and professionals belonging to different environment related departments/ institutions within and outside the campus.

Internet Facilities: The internet facility is available at the department. A large number of national and international journals are available on Digital Library provided by HEC. The downloading of these research articles of your interests is free of cost.

Renewable Energy

Program(s)

BS (Renewable)

Eligibility

- F.Sc Pre-Engineering
- A-Level Cambridge (with subject of Mathematics, Physics, Chemistry)

Duration

4 Years (8 Semesters)

Full time

Entry

Semester-1

Introduction

The University of Balochistan offered Renewable Energy Studies first time in the country in the year 2017. The department was inaugurated by Honorable Mr. Ahsan Iqbal, the Federal Minister for Planning, Development and Reforms on 16th August 2016, while the academic activities started from 27th October 2017 with BS program.

Renewable energy is an emerging discipline of sciences and technologies of present day, tuned to harness the available sources of green energy on this planet earth and developing various energy systems. Renewable energy systems are designed to take the energy resources probably the clean and green energy sources.

Diverse categories of energy resources can be tabbed with renewable energy systems. Designing renewable energy system would require extensive knowledge of sciences probably Physics, Technologies and Engineering.

The most available sources of energy are solar, wind, tidal, hydel, geothermal, biofuel, nuclear and indeed hydrogen.

Various energy renewable energy systems have already been used today but require designing compatible to our environment and energy resource requirements of geographical location of the country. This is a mentally requirement to evolve an industry to manufacture diverse energy systems. Skilled and qualified man power have now become a mentally requirement to switch over to alternate sources of energy and save the grid electricity.

Solar architecture for buildings and its designing solar collectors and reflectors for heating and cooling of air/ water, solar based heating and cooling of building, solar based water pumps, solar geysers, solar refrigerators, solar ponds for Rankine cycle engine for desalination of sea water and producing electricity, photovoltaic devices to producing electricity and many other diverse applications and systems utilizations like solar powers thermal stations to producing electricity have now become imperative and alternate source of energy.

There are many potential locations to tap both solar and wind energy; for producing electricity generally in Pakistan and especially in Balochistan. Savonius, Darrieus and many other wind turbines are commercially available to producing electricity. The coastal built in the south and the mountainous regions especially in the north west of Balochistan offer extraordinary potential to tap wind energy. Wind machines for grinding grains water pumping and for many other purposes can also be used in remote agricultural locations.

Hybrid energy systems like solar-wind- hydrogen, solar based bioenergy, etc. are needed to produce electricity at relatively larger scale. Hydrogen gas filled in some metals like vanadium hydride and titanium hydride serve as fuel cells for combustion engines.

Needless to mention, self-designed and innovated renewable energy system have to be put into use compatible with our nature resource requirements.

The department of renewable energy, at present, is offering BS (four years) undergraduate and MS (two years graduate) degree programmes.

Hardware workshops (Mechanical/ electrical/ electronics, computer, etc.) and renewable energy laboratories have already been designed.

Objectives

- Energy crisis is one of the most important issues in developing countries. The main objective is to motivate and train the students to avail the new sources of energy. The students will serve as master trainers to provide awareness about the use of renewable energy sources from energy systems and get rid of grid electricity which is expensive.
- With China Pakistan Economic Corridor (CPEC) it is inevitable to have sufficient energy trained personal to safeguard the energy requirements such as the availability of electricity in every nook and corner of the country. This is why the department of Renewable Energy is essential as source to produce skilled and trained man power for fabrication, manufacturing and system development for renewable energy.

Vocational Job Opportunities/ Marketability of Graduates

- Graduates will have the ability to plan projects and facilities for the utilization of renewable energy and to implement them while taking account of economic, political and societal concerns. Thus the curriculum is designed to enable unique career opportunities in the vocational fields of planning, innovation, invention, engineering, consultancy and investment of renewable energy. Our graduates will have ample opportunities to be absorbed in all sectors of industries, organizations, scientific institutions, non-government organizations working for energy development, and especially for diverse CPEC activities.

Faculty

S #	Name	Designation	Qualification

Year 2	Sem-3 Total 17 Credit Hrs.	Wind Energy	Heat and Mass transfer	Applied Physics-II	Circuit Theory	Mathematics - III (Linear Algebra)	Pakistan studies
	Course Code	RE-631	RE-632	PHY-633	EE-634	MATH-635	PST-636
	Credit Hrs.	3(2-1)	3(2-1)	3(2-1)	3(3-0)	3(3-0)	2(2-0)
	Sem-4 Total 17 Credit Hrs.	Hydro Power Systems	Basic Electronics	Communication & Presentation Skills	Geological Perspective of Renewable Energy	Numerical Analysis	Statistics and Probability
	Course Code	RE-641	RE-642	RE-643	GEOL-644	MATH-645	STAT-646
Credit Hrs.	3(3-0)	3(3-0)	3(3-0)	3(3-0)	3(2-1)	2(2-0)	

Year 3	Sem-5 Total 17 Credit Hrs.	Tidal and Geothermal Energy	Energy Storage	Solar Energy	Nanoscience and Energy	Mechatronics	Geographical Perspective of Renewable Energy in Pakistan
	Course Code	RE-651	RE-652	RE-653	RE-654	RE-655	GEOG-656
	Credit Hrs.	3(3-0)	3(3-0)	3(2-1)	3(2-1)	3(3-0)	2(2-0)
	Sem-6 Total 17 Credit Hrs.	Microbial Bioenergy and Biofuel	Hydrogen and Fuel Cells	Power Electronics	RS and GIS for Renewable Energy Resources	Photoactive Materials and Thermal Characterization	Environmental Impact Assessment
	Course Code	RE-661	RE-662	RE-663	RE-664	RE-665	RE-666
Credit Hrs.	3(3-0)	4(3-1)	3(2-1)	3(2-1)	3(3-0)	2(2-0)	

Year 4	Sem-7 Total 17 Credit Hrs.	Photovoltaic	Nuclear Energy and Diverse Reactors	Digital Electronics	Project Report- I	Professional Ethics	Elective-I
	Course Code	RE-671	RE-672	RE-673	RE-674	RE-675	-
	Credit Hrs.	3(2-1)	3(3-0)	3(2-1)	3(0-3)	3(3-0)	3(3-0)
	Sem-8 Total 15 Credit Hrs.	Boilers and Power Plant	Power Generation	Project Report- II	Instrumentation and control	Elective-II	-
	Course Code	RE-661	RE-662	RE-663	RE-664	-	-
	Credit Hrs.	3(3-0)	3(3-0)	3(0-3)	3(3-0)	3(3-0)	-

Total Credit Hours: 134

Elective Course (choose one from the following) Semester-7		
Thin Film Technology And Applications	Solar Passive Architecture	Heating Ventilation and Air Conditioning Systems
RE-676	RE-677	RE-678
3(3-0)	3(3-0)	3(3-0)
Elective Course (choose one from the following) Semester-8		
New Energy Technologies	Energy Efficient buildings	Fabrication of Solar Cells
RE-685	RE-686	RE-687
3(3-0)	3(3-0)	3(3-0)

Facilities

Departmental Library: The departmental Library has been established with wall to wall books shelves and proper sitting arrangements. More than 500 books latest original books covering a wide range of disciplines in Renewable Energy of all study programmes are available.

Computer Lab: The department of Renewable Energy has a full furnished computer lab which has internet services and access to digital library where thousands of journals, proceedings, online books, and magazines can be accessed.

Basic Laboratories: Two large laboratories are available in the newly established department. However the equipments are yet to be arranged for BS and MS levels. These labs will be equipped with different practical setups for energy related experiments commensurate to international norms and standards.

Research Laboratory: This lab is for M.S and PhD students to perform their research work in renewable energy. The equipments are yet to be arranged for said purpose.

Future Plans:

- The department shall launch the M.S and PhD programme of studies in near future.
- The Energy Research Park will be established in near future in the University of Balochistan. It is mandatory requirement before we embark for our research studies in Renewable energy.

Seismology & Geophysical Studies

Program(s)

BS (Seismology & Geophysical Studies)

Eligibility

- Fsc Pre-Eng
- Candidate should have sound Physique and capable of undertaking climbing heights during fieldwork and should not suffer from color blindness for the purpose of optical Work.

Duration

4 Years (8 Semesters)

Full time

Entry

Semester-1

Contact hours

(first year, full time)

Approximately 16-22 hours per week

Introduction

Seismology and Geophysical studies is the science of earth and its physical studies including mineral exploration and earthquake studies. Balochistan is rich in mineral resources. The establishment of new Seismology Department will train the human resource to explore mineral resources of Balochistan and Pakistan. It plays an important role in the economy of a nation. It is one of the most important subjects of applied sciences, particularly with reference to the minerals exploration and earthquake studies in Balochistan. Balochistan province, which provides excellent opportunities for the development and exploitation of natural resources. Balochistan has high prospects for geological research and exploration of economic mineral deposits, petroleum, groundwater and other natural resources.

Entire Balochistan is also earthquake prone. Major earthquake are common in Balochistan. In the recent past damaging earthquakes occurred in the region after every earthquake, next city became unsafe and need special attention to mitigate the effect of next damaging earthquake. We are now equipped with modern instrument to study earthquake and identify earthquake prone areas in advance.

The Department of Seismology and Geophysical studies has been equipped with scientific equipment to generate scientific data to explore minerals, water and petroleum resources and earthquake studies of the Province. During the initial years, the department offered only BS 4thYears Program and gradually MS and Ph.D will be offered in coming years.

Objectives

- To prepare high quality professionals in the Field of Seismology and Geophysical studies through 4-Years B.S. programs in order to meet the national and international needs.
- To prepare professional and skilled manpower in the field of Applied Seismology and Geophysical earth sciences , capable of generating geophysical data through various geophysical instrument including seismograph, Magneto meter, Gravity meter, electrical resistivity meter and GPS equipment's.
- To provide training to get geophysical data, capable of analyzing and processing through various updated software and assess their socio-economic and disaster related aspects, achieve targets, write technical reports and scientific research papers and provide consultancy services.

Vocational Job Opportunities/ Marketability of Graduates

- The graduates will have opportunities to work in the following organization: Geological Survey of Pakistan (GSP) Pakistan Atomic Energy Commission Hydrocarbon Development Institute of Pakistan Water and Power Development Authority (WAPDA) Oil and Gas Sector Pakistan Mineral Development Corporation (PMDC) Balochistan Development Authority (BDA) Public Health Engineering Department, Provincial Disaster Management Authority, All minerals related sectors, Various Educational Institutions (Mostly Universities and Colleges) and various national and International Mineral Exploration Companies. Irrigation Department.
- The opening of new projects, such as China-Pakistan Economic Corridor CPEC, Saindak Metals Limited, Rikho-Dic Copper Gold Project, Gawadar Port, construction of dams, development of gas pipeline from Iran to India, development of water reservoirs and thermal (coal-based) power stations in the country, have high potential for new job opportunities.

Faculty

		Application of Seismograph for data acquisition and Interpretation	Application of Magnetometer for data acquisition and Interpretation	Application of Gravimeter for data acquisition and Interpretation	Application of Electrical Resistivity for data acquisition and Interpretation	Application of Geiger counter for data acquisition and Interpretation.	Application of GPS for data acquisition and Interpretation	Application of Remote sensing and Interpretation	Dissertation
		Course Code	SGS-458	SGS-459	SGS-460	SGS-461	SGS-462	SGS-463	SGS-464
Credit Hrs.	6(6-0)	6(6-0)	6(6-0)	6(6-0)	6(6-0)	6(6-0)	6(6-0)	7(7-0)	

Total Credit Hours: 135

Facilities

Departmental Library: The Department library is in process to purchase required books well in advanced before commencement of the program. The for the time being student will be given access o relevant book in the Department of Geology next door to Seismology and Geophysical studies which contains more than 2500 textbooks, reference books, geological encyclopedias, etc.

Laboratory: The laboratory is well equipped modern equipment which can be used in the field to get data and process it in the modern software to get results.

Computer Laboratory: is in process to be established with 35computers, a Laser Printer, a Scanner and a Photocopier. Computers will be having special software for analyzing and process of Geophysical data. All the computers will have connection with the main network of the University and internet. A large number of international research journals will be made available on the Digital Literary provided by the Higher Education Commission, where students can download research articles of their interests.

GIS lab: GIS lab will established in the Department to get high resolution images through various satellite. Special and temporal images will be sough through remote sensing techniques.

Introduction:

The discipline of education is a foundation subject in social sciences crucially contributing towards the national development. Education is concerned with human resource development for efficient functioning of educational system. It is founded on scientific study of human behavior including teacher and students and the functioning of educational organizations at all levels. It covers all aspects of educational system from academic performance to zeal and motivation among teachers and students. Education is inter-disciplinary in its nature and has concern with human psychology, organizational behavior, leadership, economics of education, testing and measuring the performance of individual and institutions. Discipline of education is eligible to develop a boarder perspective among its students to prepare them for leadership roles to bring about positive social change in the educational institutions and society.

The Department education started Master of Education (M.Ed) program in 1976 to extend opportunities for an advance degree in the discipline of Education. Similarly one year M.Ed, and B.Ed Evening program on Self-Finance were launched in 1999 and Master of Arts in Education (M.A Education) Program of studies was introduced in

2005 to provide pre-Service teacher Education and training. The new Program ADE/ B.Ed (Hons) was introduced by the support of USAID & Pre-STEP in 2011.

The Department of Education was upgraded as Institute of Education and Research (IER) in 2015. The institute comprises three broad Departments. The institute has revised and updated programs for B.Ed, B.Ed (H) & M.Ed and different specializations has been initiated in M.Ed Program.

Objectives

- To develop professional teachers, educationists, researchers and practitioners with profound theoretical knowledge and understanding, combined with practical skills, competencies and commitment to educate and teach.
- To inculcate the skills and attitudes of enquiry and seek the research based knowledge and with a view to improve teaching and learning in schools of the public and private sectors.
- Development of modern teaching skills and techniques

Introduction

Gender and Development Studies aims at creating gender awareness and recognizing women's lived experiences and ambitions by placing them at the centre of social inquiry. It seeks social justice for the marginalized sections of the society and advocates for their human rights. Students in Gender Studies are expected to engage in the production of knowledge that emerges from feminist critique of social, cultural and institutional structures that promote patriarchy and disempower women and other genders. It comprehends that the global and transnational understanding of women's situation is essential to promote interconnections between women at all levels. It considers that development in Pakistan would occur in general and particularly for women when all genders are mobilized in the change-making effort. It includes women's contributions to knowledge in various fields, society's approaches and efforts towards understanding the status of women and strategies for empowering them. It highlights both the need for specialized academic degree awarding studies in gender and development, and the integration of gender analysis and mainstreaming gender in University of Balochistan's other fields of study.

Objectives

- Critically analyze the social construction of gender and apply this understanding to deconstruct gender inequality and patriarchy;
- Create an academic culture valuing the experiences and contributions of women by exploring and documenting women's historic roles;
- Build a body of knowledge based on invisible or undiscovered lives of women;
- Promote women's human rights through sensitizing and engaging men;
- Strengthen students' ability to critique traditional theories and methods of knowledge by applying feminist concepts and gender studies scholarship;
- Create strategies for empowering women and other marginal genders in their struggle against inequality and oppression and for their effective participation in all areas of society and development.

Job Opportunities

- Public & Private (educational and research institutes)
- (NGOs,
- INGOs,
- UN agencies.

Introduction

History is the study of the past based on finding, evolution, and interpretation recorded evidence. It is a discipline that seeks both to understand the past in its own term and to explain the present in light of the past for the future guidance. History fields are usually defined by period, place, and theme. To know history is to know what people did in the past and why: to simply put, history concern everything that exist or has existed. Students of history learn how to ask pertinent questions to society and to find answer through research and logical thought. Individually as well collectively, they also became able to know how to utilize past experiences better future planning. The department of history, university of Balochistan was established in the year March, 1987. In the first batch M.A programs was delivered. The department has developed cadres of high motivated human resource who are serving in the various public and private sector organization and institutions. Department has now adequately expanded its profile while initiating M.Phil and Ph.D programs. The department now established BS program in History. The course has been approved in Academic conceal meeting.

Objectives

Introduction

This department was established in 1973 by Prof. Dr. Rashid Ahmed Jallandhury (Late), was the first chairperson of the department. Due to shortage of space in the University Campus, Islamic Studies Department started functioning in Government Science College Quetta. In the Beginning, classes used to be held in the evening with the support of part-time teachers. In 1980, Prof. Dr. Rashid Ahmed Jallandhury took the charge of the department as chairman. In 1981, the department was shifted to the University Campus.

Objectives

- To provide qualified and focused professionals in Islamic studies to meet the future needs of educational institutes.
- To provide learning in depth knowledge in the perspective of global changes and challenges.
- To focus on Islamic values pertaining to socio-political and economic teachings derived from the Quran and the Sunnah.
- To produce scholars of quality who can contribute in solving contemporary issues faced by the Muslims, like interfaith dialogue, interest free banking, State crafts and other contemporary challenge.
- To bridge the gap between islam and other religions by providing an understanding of Islam.
- To create an environment that promotes learning through quality teachings and research while

encouraging mutual respect, tolerance and sensitivity

Job Opportunities

- Jobs in Educational and research institutes in Pakistan and abroad.
- Civil Service.
- Jobs such as Religious officers, Khatibs etc. in the Armed forces.

Introduction:

During the last two decades, Media Studies have been emerged as one of the most important field of the studies. The conventional narratives and rules of Communication and Journalism are most transformed. The subject of Mass Media is a system of inter-related courses, including historical foundation, technological advances, economic dynamics, regulatory constraints, and ethical concerns.

The Department of Media studies (Previously Known as Mass Communication) was established in January 1987 by Dr. Professor Seemi Naghmana Tahir. The Department initiated regular teaching in March 1987 with a small faculty of 3 persons, which has now grown many folds.

The Department of Media Studies offered two Master's Program comprising semesters in Media Studies to cater the needs of Print and Electronic Media industry. Thousands of students graduated from this department since 1989 are performing in different media organization i.e. Radio, Television, Newspaper, Directorate of Public Relations/Public Relations wings of various Provincial and Federal Government Departments, and even some of the

students of media Department, University of Balochistan own their newspapers. Courses offers by the Department cater to the future challenges of the Professional. Print and Electronic media, Social Media, Public Relations, Development Support Communication, Research, Advertising and Magazine Production, Photojournalism are some of the major subjects taught keeping in view the marketability needs of the industry.

Objectives:

- To study contemporary knowledge of communication theories, principles and strategies of communication, to be efficient communicators, media managers, administrators and researchers.
- To seek inspiration from contributions of eminent regional journalists and scholars in the field of journalism and to inculcate professional skills of managing media, reporting, public relations, advertising, development communication, newspaper.
- To demonstrate an understanding of current media technologies and their capabilities, limitations and implications from multiple perspectives, including that of producer, participant and audience.

Job Opportunities/ Marketability of Graduates:

- **Print Media:** Newspapers & Magazines (newspapers and magazines in the capacity of reporters, sub-editors, news editors, assistant editors, heads of various editions including web etc.)

Introduction

Philosophy is defined as a discipline seeking truth and quest for exploring new questions and dimensions of knowledge. The Study of Philosophy is essential for the understanding of the history of ideas, cultures, religions, civilizations, and sciences, and the history of cultures. Socrates said, "The unexamined life is not worth living". He could not be more right. An examined life will be all the better for it. Philosophy deals with the truth behind entire human experience and knowledge.

Philosophy provides a transferable skill, one that can be used in many walks of life. It provides training in thinking rationally. It gives a general training in thinking and writing clearly. It also provides help in problem solving, and in thinking critically. Both ethics and logic are part of philosophy, and most people will face significant ethical questions in the course of their work and would do better in their work if they thought logically.

The Department of Philosophy was established in the year 1987 by Dr. Saeed Ahmed Rafiq as its first Chairman. It offers Masters Degree program of 2 years.

Objectives

- To create an environment of critical thinking, dialogue, questioning and writing as tools for creating qualified and focused professionals in the domain of Philosophy so that to meet the future needs of educational institutes and

industries of public and private sectors.

- To provide educational programs which encourage students to think creatively, carry out research assignments, and to communicate their ideas effectively.

Vocational Job Opportunities/ Marketability of Graduates

- Instructors in philosophy at colleges and universities.
- Curriculum development and instruction in Civic Education, Human Rights Education and professional ethics for both relevant institutions of the public sector (e.g. Ministry of Education, Ministry of Youth, Sport and Culture, federal Police Commission; etc) and Non Governmental Organizations.
- Civil Service (researchers and advisers for parliamentarian and parliamentary committees).
- Social Work Departments.
- NGOs (work in the areas of demoralization and governance environment and development, and peace)
- Journalism and Publishing.

Introduction

Human nature and personality development, besides attitudes, have always been interesting topics. Psychology, as an emerging social science, presents a great deal of knowledge on these topics. Consequently, today this discipline is acknowledged and employed for the solution of different practical questions in various walks of life.

Psychology not only focuses upon the issues like personality, attitude, learning, perception, Intelligence, Motivation, but also helps an individual in the adjustment of his/ her own environment. Psychologists positively help the society at large to resolve the social issues like violence, discrimination, terrorism, crimes, etc.

Psychology belongs to that category of Social Sciences which are the sciences concerned with the people in the society. Psychology is an empirical study of human mind and behavior as such it touches every person. Knowledge of Psychology is therefore important in every human endeavor.

It exercises an influence on the understanding and progression of other social sciences like Economics, Business, Human Resource, Administration and Social Work.

The Department of Psychology was established in 1989 with introduction of various teaching program, Masters in Psychology, started in 1990, however, M.Phil. In Psychology got initiated in 2013. Psychology department also launched its Ph.D. program from 2017. And now BS (4 years Program) in Psychology will be launched in the coming session.

Introduction

The Bachelor of Fine Arts is a four-year degree program in the Faculty of Arts, blending artistic and professional practice, theory, and research. The degree is offered in the following areas of specialization: Painting, Sculpture, miniature, Film and TV and Graphics arts as well as historical theories of human development through ages.

The Department of fine Arts was Established in march 1984 with four faculty members Mr. jamal shah, Mrs. Faryal Ghouher, Mr.Akram Dost and Mr. Kaleem khan.

The department of Fine Arts is playing very important role in introducing Balochistan heritage and its indigenous art, crafts and architecture. Since the civilization of maher Garh (9000 B.C) is a great source of inspiration for researchers and provide linkage with the other world of art and craft. The department of fine arts is also providing facility to study in depth the culture heritage of balochistan.

Objectives

- To develop the individual visual intelligence each student brings with them to the School
- To develop in each student a critical awareness and understanding of fine art and its contexts
- To provide the intellectual and practical

resources to enable each student to realize his or her creative potential as a professional artist

- To produce Art teachers/ good researchers.

Introduction

The Department of International Relations was established in 1984, and offering two years M.A. In International Relations. With the advancement in technology distance has been shrinking and world has gradually become global village. Geo-politics of the medieval ages which was arranged at military balance of power has now emerged as geo-economics influencing the socio-economic as well as political environment of every country. Business and industry has crossed the traditional borders of nation states and multinational corporations are now challenging the sovereignty of states. The power potential of nation is no more restricted to boundaries, it gets directly influence to regional and super powers. Mainly these relations have given birth to the discipline of International Relations. No country in the contemporary time can afford to ignore it. The study of International Relations therefore has assumed a remarkable significance.

Objectives;

- To provide qualified and focused professionals International Relations to meet the future needs of educational institutes & research organizations.
- To provide educational program which encourage students to think creatively, constructively, and to communicate their

ideas effectively.

- To foster an environment that promotes learning through quality teaching and research which encourage mutual tolerance and sensitivity.
1. To focus regional and international politics so that the graduates of international relations can comprehend to these scenarios.

Vocational Job Opportunities/ Marketability of Graduates

- Provincial and Federal Public Services.
- Education/ research institutes at public and private sector.
- Print and Electronic Media.

Introduction

Politics happens between nations, within nations, and within the minds of people within nations. It affects almost every aspect of our lives, from the warming of our environment, to the cost of education and health care, to our attitudes toward each other. In the discipline of Political Science, we investigate the nature, causes and consequences of politics. For this purpose, the Department of Political Science was established in 1974 with Dr. S. Riaz Ahmed as its first chairperson. Since then, the Department has been offering programs of Masters, M.Phil and Ph.D. in major sub fields of Comparative Politics, Political Economy and Political Philosophy within the broader discipline of Political Science.

Objectives

- The objective of the Department is to create an active and informed citizen body which is aware of its constitutional rights and obligations, able to involve in a critical debates of political issues of freedom, justice and equality, and actively participates in public life towards the betterment of humanity.
- To socialize students in a democratic norms and values of liberty, social justice, tolerance, equality and diversity. To uphold and stand for the rights of oppressed social groups and conscientize citizens of social discrimination based on class, gender, religion, ethnicity etc. and to promote social cohesion and bring national solidarity in the state of Pakistan.

Vocational Job Opportunities/ Marketability of Graduates

- Teaching and Research
- Political Analyst and Commentator
- Federal and Provincial Civil Services
- International Organizations
- Journalism

Introduction

Baluchistan as a lag behind and developing province of country and region faces acute challenges of poverty, illiteracy, provision of basic health and unemployment. These issues have been inherited by the population of the province during the pre-and post-colonial eras. In the wake of globalization, free market economy and overwhelming urbanization, capital intensive development, and speedy communication the rural communities would particularly suffer at different ends. The ecology of learning, expression, language, value systems and livelihood patters would be wiped out if specific actions and research studies are not carried for analyzing their needs and sustainable ways to initiate viable development ventures. Professionally trained Social Workers in this respect have a significant role in accelerating and humanizing the processes of development especially in Balochistan. Recognizing the need for professionally trained Social Workers, Social Work education at post-graduate level was introduced in the University of Balochistan in March, 1974. Since inception, the Department of Social Work has been conducting two years M.A program in Social Work. The department has created cadres of thousands of young male and female professionals and has also established

academic linkages with various likeminded institutions. Currently, the Department of Social Work is a full member of the International Association of Schools of Social Work. (IASSW)

Objectives

- To develop and deliver courses that will at one end enable cadres of professional social workers, well informed and equipped with relevant skills and knowledge base for understanding the major social problems, socio-economic conditions and issues connected to the empowerment of the people. As primary beneficiaries and subjects in the process of development and education, and on the other end will create tools, strategies and models for uplifting the socio-economic and political positions of the people conditioned to feudal and tribal structures in Pakistan and particularly in Balochistan.
- To foster an environment that promotes learning through quality teaching and research while encouraging mutual respect, tolerance and sensitivity and to meet the future needs of educational institutes and relevant industries.

Vocational Job Opportunities/ Marketability of Graduates:

- Graduates will have opportunities in the following fields: -
 - Local, National NGOs and International NGOs
 - Self Initiative as Social Entrepreneur
 - Public sector Medical and Psychiatric Social Welfare Settings.
 - Rural Community Development Projects.
 - Urban Community Development Projects.
 - Family and Child Welfare Centers.
 - Women Welfare Centers.
 - Population Welfare Department.
 - Drug Abuse Prevention, Treatment and Rehabilitation Centers.
 - Labour Welfare and Industrial Development Departments.
 - Welfare Centers for aged.
 - Educational Institutions.
 - Special Education programs.
 - Social Welfare planning & policy development.

Introduction

With the advent of new scholastics in the last one hundred years, Sociology has been proven as one of the mother subjects to the different disciplines that have generated interdisciplinary studies. In the nutshell, Sociology as a discipline tends to promote a well-established management structure to effectively handle, analyze, cure and articulate the issues of social distress and it creates, promotes, coordinates and implements societal initiatives and programs for addressing the issues.

The department of sociology was established in 1973 and the first cadre of young men and women was graduated from Master program in 1975. Mr. Javed Iqbal Syed the Ex. Vice chancellor of Allama Iqbal Open University, Islamabad was the first Chairman of the Department. In the course of its 45 years life, the department has prosper while creating a cadre of thousands of illumines all over the country and has also developed a faculty, research portfolios, library, and well reputed research scholars.

Objectives

- To provide a viable learning and experiencing environment to the students of different programs for understanding, analyzing and practically triangulating the knowledge base

pertaining to the challenging social issues at grassroots level and to carry out action researches, ethnographic and grounded research approaches towards viable solutions of the society, that will enable students to know the process of amalgamation of theory and practice as an universal phenomenon.

Introduction

Pakistan Study Centre is one of the flagship centers of the University of Balochistan that was initiated in 1974. The Center carved its bases as established entity in the year 1976 under Pakistan Study Centre, Act No. XXVII of 1976 by the Government of Pakistan in the premises of the University of Balochistan. The center mainly covers the study of languages, literature social structure, customs, and value systems of the people of Pakistan. to the main purpose behind the establishment of center was to create a viable environment for young Balochistani students to know and understand the cultural diversity, languages, civilizations and histories of the people living in Pakistan so that to motivate the people of various region of Pakistan towards Nation building. At present, it is functioning as an active academic unit of the University of Balochistan. It is unfolds programs in MA, M.Phil and Ph.D. in Pakistan studies. The faculty members from the University and from the constituent colleges also take admission in M.Phil and Ph.D programs.

Moreover, the center has also initiated and approved establishment of the two chairs after the names of the reckoned anti-imperialist figures that is (1. Khan Shaheed Abdul Samad Khan Achazai and (2. Nawab Yousuf Aziz Mugsji. These Chairs will soon start its work to manifest further research and explorations.

Objective:

- To provide learning and experiencing environment to the students from different backgrounds and in different study programs so that to generate knowledge base, analysis and understanding that can potentially promote the national integration, pluralism, love for diversity and the unity in accordance with different regions, languages, literature, culture, customs and histories of the people and their country.

Vocational Job Opportunities/ Marketability of Graduates:

- The students who will qualify in Pakistan Studies can find job opportunities in the following departments/ organizations:
 - Teaching.
 - Competitive Exams.
 - Public Relation Officer.
 - Pakistan Tourism Department.
 - Inter Organizational Coordinator.
 - International Organizations as Representatives of Pakistan.
 - Organizational Development in Pakistan.

Introduction

Baluchistan is relatively the least developed province of Pakistan. Several studies/reports have found Baluchistan to have the lowest levels of human development in the country. The province lags behind the rest of the country in economic growth, labor productivity, health, education and other socioeconomic indicators. Its poverty level is higher than the national average and there is significant difference between rural and urban poverty incidence in the province. The province also suffers from the widest gender gaps in education and health in the country. Poor social indicators depict the state of human resource development in the province.

In addition to the poor social and economic indicators, Baluchistan is also exposed to a number of natural hazards. Due to fast rate of population growth, urbanization, poverty, climate change and geographical location, most of the regions of Pakistan including Baluchistan have become highly susceptible to natural disasters such as flood, cyclone, drought, earthquake, landslide, extreme temperature, heavy rain, epidemics, etc. In the recent past, these hazards have resulted in some

major disasters, such as Ziarat earthquake of 2008, Awaran earthquake of 2013 and the flood of 2010. Drought from 1998-2004 worsened the situation and the rural economy has still not fully recovered from the effects.

It has been felt that there is limited capacity at notional and particularly at provincial level in terms of knowledge base, skills training, Long-term planning, emergency preparedness and policy development to respond to such severe disaster events.

The lack of expertise in the fields of disaster management and development planning, have further exacerbated the people's vulnerability to different disasters and worsen the development situation of the province. The weakest social and economic development indicators are attributed to the lack of human resource, professional expertise and research institutions in proportion to the development potential and needs of the province. These facts provide a strong rationale to initiate an academic program for building and strengthening experts in the field of development studies and disaster management to contribute in the development process of the province and to develop innovative ways of building the resilience of communities to disasters.

Objectives

- To provide broad core disaster risk management and development education with focus on Rural Development.
- To bridges the gap between theory and practice.
- To enhance students' knowledge base, concrete decision-making and critical problem-solving skills.

Vocational Job Opportunities/ Marketability of Graduates

- UoB being the first institution in the province providing expertise on Disaster Management and bridging its linkage with Development. There is a lot of demand of graduates from this field in various sectors and are reported competitive and well performers. A few employment opportunities institutions are listed below:
 - All educational and research institutions
 - Planning and Development Departments
 - Provisional Disaster management Authority (PDMA)
 - National Disaster management Authority (NDMA)
 - Firms consulting on environmental problems
 - Institutions needing Environmental Analysts
 - Census Organizations: Population, Agricultural and etc.
 - Government Strategic Policy Analysis Departments
 - Armed Forces (Air Force, Navy and Army).
 - Natural Resource Management (NRM)
 - Tourism Departments
 - Crisis Management Cells
 - National Disaster management Authority (NDMA)
 - Educational Institutions
 - SUPARCO
 - As a Social organizer in NGOs.
 - Rural Development & Local Government
 - UNDP
 - Civil Services of Pakistan

Introduction:

The Balochi is one of the Endo-Iranian stock of languages that is estimated to be over six thousand years old. In the nutshell, Balochi belongs to the Northwestern group of the Iranian languages, which means that it shares certain sound characteristics with Kurdish, Parthian and New Persian.

The Department of Balochi was gradually evolved, courses of Baloch Adeb, Fazal and Alim were started in 1978, these courses were upgraded to masters in 1985 and in 1992 the department of Balochi was established. Mir Aqil Khan Mengal was the first chairperson.

Since inception, the department has been contributing in developing cadres of Balochi languages, literature and culture experts that are serving in the different national and provincial level institutions. The department publishes a bi-annual bilingual research journal recognized by HEC in the Z-category.

Objectives

- To develop viable learning environment in the department for creating qualified human resource while understanding, learning, and experiencing the Balochi language, and literature as a discipline.
- To develop innovative academic and research

portfolios that many diversify and expand the knowledge base regarding the language, literature, culture, history and art forms of the traditional and modern Baloch, Balochi and Balochistan.

Job Opportunities

- Education/ Research.
- Electronic and Print Media.
- Interpreter/ Translator in Public/ Private Sectors.
- Archeology and history in lok versa.
- Cultural and Literary institutes.

Introduction

The Brahui is one of Dravidian languages that is known as the indigenous language of South Asia before the Aryan Invasions on India around 1500-1000 BC. The language and culture of Brahui people living in the central Balochistan and adjacent districts of Afghanistan has enriched and diversified through the course of history. Although studied by orientalists of the late 19th and early 20th century, the language, literature and social value system of these people still remain outside the academic and research domains.

Along with other major languages of province Balochistan, higher education diplomas and master degrees also started in Brahui in 1985 under Pakistan Study Center. Based on the teaching and research endeavors, the department of Brahui was established in 1992. The department has crossed various academic and research milestones, while evolving its M.Phil and Ph.D programs and initiating the first research journal "Alburz" the is sponsored and recognized by HEC in the Z-category.

Objectives

- To foster effective study programs and meaningful environment to the groups of motivated young learners and students who would be recognized as post-graduate professionals in Brahui literature, culture and Language, capable of functioning at local, national and international levels.
- To expand the knowledge base and work out in-depth analysis on the themes of Brahui

language, literature, folklore, culture, social history and the values systems while reviving ancient Brahui folklore, poetry and literature through teaching and research endeavors through its different degree awarding programs.

Job/Career Opportunities

- Education/ research institutes in Public/ Private Institutions,
- Electronic and Print Media.
- Interpreter/Translator in Public offices.
- Archeology and History in lok-versa.
- Literary/Cultural institutions.

Introduction

Every year a large number of students apply for admission in the Department of English with the expectation to improve their English. In a world of ever greater interaction the importance of English language cannot be denied. English has turned into a universal language. Institute of Linguistics and Literature aims to fulfill the ever-growing demand of English. The institute is motivated to develop human resource and evolve effective research and analysis environment.

Objectives

- To develop conducive learning environment and enable students to acquire knowledge and understanding of linguistics as discipline and also master English Language competence so that to practically culminate their knowledge in diverse walks of life.
- To design and conduct short courses in foreign languages and provide opportunity of higher education to the talented students from various backgrounds and enable them to find venues in the local, national and global markets.

Job/Career Opportunities

- Education/ research institutes in Public/Private Institutions,

- Electronic and Print Media.
- Interpreter/Translator in Public offices.
- English coaching centers and institutions
- Literary/Cultural institutions.

Introduction

Amongst other sister languages of her family, Pashto is one of the living languages of Indo-Iranian stock. It is estimated that Pashto was spoken almost 1000 BC in the Bactrian rangelands and settled communities around river Oxus. The excavations of the historical sites validate interesting revelations about the people of this part of the world. Pashto as a language and value system caters to the life of an ordinary Pashtoon. Score of scholastic projects are carried out on the study of Pashto, Pashtoons and Pashtoonwali mainly during the colonial era. In the post colonial era, academic and research institutions in Afghanistan and today Khyber Pakhtunkhwa started institutional basis that helped in practicing teaching and research as disciplines in Pashto language and literature.

In order to study the literary and cultural capitals of the Pashtoon areas, diploma level courses of Pashto Adeeb, Fazal and Aalim were started in 1886 through Pakistan Study Center. The department of Pashto gradually evolved in 1992 while offering two years master degree programs. Professor Wali Muhammad Sial Kakar was one amongst the other pioneers who head Pashto department as the first chairperson.

Since inception, the department of Pashto has crossed several milestones of its growth and development. It has designed and developed

effective masters, M.Phil and PhD programs. It has a full fledged faculty with highest academic credentials of PhD, developed “Khan Shaheed Digital Library”, and has a department library with above 4000 books. The department has also incepted a bilingual and biannual research journal “TAKATOO: that is recognized by HEC in category “Y”.

Objectives

- To develop a conducive learning and practice environment for creating motivated young scholars, researchers, practitioners and literary and cultural activists regarding Pashto language and culture that will enrich the public sector research, development, educational and cultural institutions.
- To foster study programs that can maximize the possibilities of carrying out interventions for the promotion of Pashto language, literature, culture and history that will also transcend the existing knowledge base and research paradigms.

Job Opportunities

- Education / research in Public / Private sectors.
- Electronic and Print Media.
- Interpreter / Translator in Public / Private sectors.
- Archeology and history in lok versa.
- Literary / Cultural institutions.

Introduction

Persian language and literature have influenced the Central Asia and South Asian cultures and languages for almost millennia. The development of literary genres and forms of poetic and artistic expression directly impacted particularly the written literature of languages and people living in India and Pakistan. The construction of world famous epics like Shahnama, and the legendary poetic and imaginative dictions of Hafiz Sherazi, Jalaludin Rumi, Bedil, Firdousi and Sheikh Saadi have always been central and representing stuff of the orient.

Department of Persian was established alongside the departments of local languages at University of Balochsitan. Since inception, the department has been instrumental to engaged motivated young students who seek their career in the domain of Persian language and literature. The department has been offering extensive master degree program in Persian language and literature and intends to seek viable study programs of M.Phil and Ph.D.

Objectives

- To develop a encouraging environment of learning and practice in the department that will capacitate the young scholars, writers, researchers and artists seeking their career

in the domain of Persian language and literature and that will rendered pool of high quality human resource to serve the national and regional level literary, research and academic institutions.

- To preserve and develop the historical and literary assets and heritage of Persian in Balochistan that will be instrumental to foster scholastic and literary linkages amongst the various ethnic groups of Balochistan that can bring peace, pluralism and social harmony as one of the outcomes of academic and research endeavors.

Job/Career Opportunities

- Educational and Research Institutes at Colleges/Universities etc.
- Radio and Television Networks.
- Field based journalist and reporting
- Translators and Interpreters.

Introduction

Urdu language is now becoming an international language, therefore, there is a dire need to disseminate, promote & advance the knowledge to that literature whether it is scientific, logical or non-scientific could be translated in to Urdu. Surprisingly enough, most of the Urdu literary contributions, non-a-days are translated in different languages like English, German, Russian, French, Chinese & Japanese.

Urdu Department has the unique honor to be the first Department to start research oriented work up to M.Phil and Ph.D levels in the University.

Prof: Mujtaba Hussain, an eminent Critic, established Department of Urdu (UOB) in 1973. Many renowned Educationists, Writers, Scholars, Poets and Play Writers of Balochistan were groomed and nurtured in the Urdu department.

Objective:

- Urdu is the national language as such it plays a vital role in the development of national harmony and act as a bridge for different language of Pakistan. In deed it is the most common medium of instructions and communication. The Department of Urdu is thus the mother department of the Languages.
- To guide the student of M. Phil & Ph. D in-depth research of Urdu Language and Literature for ascertaining multi faceted values of different

ages.

- To explore old and new horizons of Urdu literature pertaining to prose, poetry and criticism.
- To foster an environment that promotes learning through quality teaching and research while encouraging mutual respect, tolerance and sensitivity.
- To provide qualified and focused professionals in the subject of Urdu to meet the future needs of educational institutes or industry.
- To prepare researchers to meet the needs of industry and research organizations, science and technology.

Job/Career Opportunities

- Educational Institutions Colleges / Universities.
- Interpreters.
- Electronic & Print Media.
- Advertisement agencies.
- Provincial / Federal Civil Services.
- NGO's.

Attendance, Dropout

- A student will be allowed to appear in examination only if he/she has attended, not less than 75% of the lectures/seminars delivered to his/her class in each course and 75% of the practicals/laboratory demonstrations prescribed for the respective courses.
- Calculation of attendance will start from the date of commencement of classes.
- A date-wise record of the attendance of students shall be maintained by the respective teacher in each course. One week before the commencement of the final examination, the teacher of each course shall send to the Chairperson/Director/Incharge of the Department/Institute/Centre a statement in duplicate giving the total number of lectures delivered (practicals conducted) by him together with the total number of lectures and practicals attended by each student.
- The period of absence in case of participation in co-curricular/sports activities outside the University of Balochistan, Quetta, with the permission of the Competent Authority may not be counted, as absence.
- Students having class attendance less than 75% in a particular course shall be awarded „F“ grade in that course and he/she shall be required to repeat the same course, if it is a compulsory course or an equivalent course in lieu thereof, if it is an optional course.
- Absence from class for two consecutive weeks or more (two weeks means six classes for a three credit hours course and four classes for a two credit hours course) without any genuine reason shall entail cancellation of admission in the course by the class teacher which would only be restored on appeal to the concerned teacher made within 05 days of the cancellation order with payment of Rs.1000/-. The class teacher will inform the Chairperson/Director/Incharge of the Department/ Institute/ Centre regarding cancellation and restoration of admission in the course. However, the payment of Rs.1000/- will not remove the absence of a students from the attendance sheet and it will be counted while calculating the percentage of total attendance of the student for the purpose of examination.
- Absence from a class for four consecutive or more weeks, will debar the student from examination and the course will be considered dropped. He / she will be required to repeat it.
- Students shall have to be punctual and regular to attend all lectures / seminars, laboratory periods, and fieldwork as required for each course during the semester session. A student shall be eligible to appear in the terminal examination of a course provided that he/she has attended not less than 75% (cumulative) of lectures / seminars delivered in that course. He has to complete 75% attendance in the laboratory / field work for grading of laboratory / field work course.
- The name of a student will be drop out if his monthly attendance is less than 25% by the Head of Department/Institute/Centre.

Academic Standards

- To earn course credits, a student must obtain a minimum of 1.00 grade points in that course.
- A student must obtain a minimum CGPA of 2.0 for award of a Degree in Grade C.
- A grade 'F' will be awarded to a student in a course for not achieving the desired competence i.e. less than fifty percent marks. The student will have to reappear in all assignments, quizzes, mid-term and terminal examinations when offered subsequently. No special classes will be conducted by the Department/Institute/Centre for such students.

The Distribution of Marks

A student shall be evaluated in each course on the basis of various components of the study including class attendance/participation, assignments, projects / lab reports, presentation, quizzes, sessional tests, mid-term, and terminal examinations according to the following weightage assigned to each category.

Type of Assessment	Courses with Lab	Courses without lab
Quizzes	05%	15%
Mid Semester Exam	20%	30%
Assignments/Reports	10%	15%
Practical	25%	-
Terminal Exam	40%	40%

Grading Policy

- Letter grading should only be used for representing the individual courses and not report the semester GPA/CGPA and letter grad should be reflect in DMC transcript.
- The following range of grade points for each letter grade will be followed;

<u>Marks Range (in %)</u>	<u>Grade Point (Value)</u>	<u>Grade</u>

- If a student fails to pass certain courses and yet manage to maintain his / her GPA equal to or above minimum requirement then he / she will be allowed to repeat and clear the course(s) before the degree is awarded to him / her.
 - There shall be no probation in semester system at any stage.
 - GPA/CGPA is computed at the end of each semester.
- A student will not be allowed to sit for terminal examination of any semester unless he has no outstanding dues for the said semester. Accounts Branch of the University will issue a clearance certificate in this regard.

Students Code of Conduct-Discipline

- No Student shall:
 - Do, or propagate, anything repugnant to Islam within and outside the precincts of the University/College.
 - Say or do anything which might adversely affect the honour and prestige of Pakistan, the University teachers and his/her educational institution.
 - Smoke in the classroom, laboratory, workshop, library and examination hall.
 - Form or associate him / herself with an organization / society / club or any other body promoting inciting parochial / linguistic / regional feelings.
 - Organize or hold any function in the University except in accordance with the prescribed rules/regulations.
 - Collect money; receive donations or pecuniary assistance for or on behalf of the University or any University Organization except with the written permission of the Vice Chancellor.
 - Stage, incite or participate in a walkout, strike or any other form of agitation which might create or is likely to create law and order problem for the University and affect, or is likely to affect, its smooth functioning.
 - Indulge in immoral activities, use indecent language, wear immodest dress, make indecent remarks, jokes or gestures or behave in an improper manner.
 - Cause disturbance to others.
 - Disturb the peace and tranquility of the Institution.
 - Keep or carry weapons, narcotics, immoral or subversive literature and use non-salutary or abusive language or resort to violence against fellow student or employee of the University.
- **Violation of any of the above will be considered misconduct and liable to disciplinary action.**
- **Disciplinary Action**
 - Disciplinary action by the Principal of a Constituent / Affiliated College/Chairman of the University Teaching Department/ Director of an Institute/Center and the Discipline Committee against the student(s) may be taken in one or more of the following forms depending upon the severity of the offence:
 - A student may be fined.
 - A student may be placed on probation for a fixed period. If during the period of probation he/she fails to improve his/her conduct, he/she may be rusticated or expelled.
 - A student may be debarred from a College / Institute / Center / Department for a period not exceeding two weeks at a time.
 - A student may be rusticated / expelled or asked to withdraw from the College/Institute/Center/Department in the manner mentioned in the regulations relating to rustication, expulsion and withdrawal.

Regulations Relating to Rustication, Expulsion and Withdrawal

- Rustication, whenever imposed on a student, shall always mean the loss of one academic year so far as his/her Examinations are concerned. The period of absence will, however, depend upon the time of the year when the penalty is imposed.
- The Vice Chancellor may at his discretion, permit to rejoin the class in the same College/Department/Institute/Center at the beginning of the next academic year.
- A rusticated student once re-admitted and again found creating disturbance/ indiscipline, etc. will be expelled from the University.
- A student expelled from the University shall not be re-admitted into the same University without the approval of the Syndicate. Re-admission shall in no case be granted before the expiry of one academic year from the date of expulsion.

Code of Honor

Being a student in the University is a matter of privilege, prestige and honor. All students are expected to conduct themselves with honor and dignity. The following Code of Honor enunciating the basic principles of conduct expected of a student should be propagated by the Principals of the Constituent Colleges and the Chairman/Directors of the University Teaching Departments / Institute / Centers:-

- All Students must have faith in and respect for the ideology of Pakistan.
- All Students must in matters of religion respect the convictions of others.
- Every student is expected to:-
 - Be Loyal to Pakistan;

- Obey the Law of the land as well as the rules & regulations of the University;
- Maintain law and order as well as the dignity and prestige of the University;
- Protect the property of the University;
- Show due respect to elders, teachers and outside visitors;
- Work hard and co-operate in completing the courses of study within the prescribed period.

Facilities

- **Central Library** plays a vital role in the academic life of a University. The fundamental role of the library being educational, it should not be considered as more storehouse of books, but as a dynamic instrument of education. The Central Library of the University is organized on these lines. The library collections support not only every course in the curriculum but also include selected stock of general material of books, periodicals, publications, newspapers etc. The total number of books in the Central Library is 150,000. The whole library system is being computerized and online library service will be available through a network after the completion of the computerization process. A large number of International Research Journals are also available on Digital Library provided by Higher Education Commission and research articles of interest can also be downloaded.
- **Digital Library:** The University of Balochistan has established a digital library to provide researchers, faculty members and students of the University access to the International scholarly literature. The facility is based on electronic (online) delivery system. The Digital Library also provides access to high quality peer-reviewed journals database and articles on a wide range of discipline. The facility could be availed by the faculty members and students of the University on provision of his/her identification card. The facility is restricted to online journals for the University of Balochistan through University of Balochistan website i.e. www.uob.edu.pk.
- The internet connectivity and link to Digital Library provided by the Information Technology Directorate has access to over 5,000 books and 25,000 online journals. For maximum utilization of Digital Libraries all over the Worlds, the Directorate of Information Technology has established a Computer Lab in the Central Library and ensured its operation during University working hours, so that the students may benefit from it. This all has become possible due to the high speed connectivity of PERN (Pakistan Educational Research Network). The number of Computer Units in the digital library has been increased to 80.
- **Computer Laboratories:** Computers have been provided to the Departmental Computer Laboratories. This service is provided to the Central Library and to the Academic Departments/Institutes/Centers and available over long hours. In the Central Labs, PCs are provided, offering a range of standard office software for document creation and presentations. Specialist provision is available to support research and advanced study within the University. Computers in all departments /institutes/Centers/Sections are connected to the University's main server through Local Area Network and Wide Area Network (LAN/WAN) giving access via the internet to the major information, research and communications networks worldwide.
- **Video Conference Center:** The University of Balochistan with the help of Higher Education Commission has established a Video Conferencing Center. The main objective of this Video Conference is to enhance student-teacher interaction through distance learning at global-level, bridge the gap of good faculty, meet the shortage of faculty members at the University and ultimately to uplift the standard of education in Balochistan.
- **Hostels:** There are 16 double story blocks of hostels on the Campus for male students with a total capacity for 1300 residents, for female students and Lady teachers, there is a hostel block with 64 rooms to accommodate 210 inmates. The students hostels have all the facilities e.g. Furniture, Mess, Common Room, T.V Lounge, Telephone etc. Hostel administration consists of Senior Provos, Provosts, Senior Warden and one Resident Warden for each hostel.
- **Medical Center / Health Care:** A Medical Centre for meeting the needs of the community is functioning. It is reasonably equipped, looked after by two doctors (Male and Female) and assisted by qualified staff at the Campus. Complicated cases are referred to the specialists in the Civil Hospital, B.M.C. Complex, C.M.H. and Children Hospital. Ambulance service is also available in case of emergency.
- **Bank and Post Office:** A branch of Habib Bank and Post Office are available within the premises of the University.

- **Transport:** The University of Balochistan operates a fleet of buses which provide Pick and Drop facility to the students. Transport facility is also available for social-work, field work and field visits of students of Geology, Botany, Zoology and other departments on need basis.
- Study Tour Students Study Tours are considered educational as well as part of the University's co-curricular activities. Each student may participate at least once in a study tour arranged by the concerned Teaching Department during his/her stay at the University. Study tours are partly financed by the student's and supplement- ed by the University, subject to availability of funds.
- Co-Curricular Activities
 - Golden Week.
 - The University places due emphasis on co-curricular activities to ensure overall grooming of the personality of its students. Co-curricular activities form an integral part of the University's endeavors to provide its students an opportunity to build up skills and gain experience in so many fields.
 - By encouraging its students to participate in co-curricular activities the University makes a conscious effort to build and strengthen their confidence required to meet the challenges of practical life effectively.
- Dramatics, Debate competitions, Art exhibitions, Poetry writing Competitions, Quiz Competitions, Dialogues and Essay Writing Competitions are some of the co-curricular activities that are managed by the University during the Golden Week.
- Sports Week Special endeavors are made to organize games and sports on the campus. There are well established play grounds for football, cricket, basketball, volleyball and Tennis. The students have been participating in the National, Provincial and Inter-University tournaments and have won many prizes. The University organizes regular activities in a number of sports and games. It also arranges Inter-University sports competitions in Athletics, Football, Hockey, Volley Ball, Cricket, Badminton, Table Tennis, Tug of War, Basket Ball etc. Separate sports facilities exist for girls. The sports activities are looked after by the Director of Sports. A National level Gymnasium has been built that provides indoor sports activities.
- Audio Visual Aids Audio-visual aids are used in the class rooms, seminars and conferences to facilitate the students learning process.
- Tutorial and Guidance Tutorial and Guidance service is available to the University students. The Tutors Facilitates the learning process of the students and enable them to make positive guidance and counseling to the students in the establishment of their educational and professional goals. During the course of studies, the Tutors keep in touch with the progress and development of the students and help to solve some of the individual psychosocial problems which are likely to obstruct their academic performance.
- **Career Counseling Cell:** A career counseling cell exists to guide the students for their future career/jobs. It helps the students to establish and achieve their vocational goals and solve some of their individual queries. It also arranges lectures/presentations by future employers.
- **Directorate of Quality Assurance:**
 - Developing a viable and sustainable mechanism of Quality Assurance in Balochistan University in order to meet the rising challenges of transforming the province into a knowledge economy.
 - To execute the program on quality assurance at the University of Balochistan through internal assessment.
- Student Financial Aid Office Responsible for awarding scholarships under HEC's different schemes annually.
- Office of Research Innovation & Commercialization: Innovations, Summits, Research Workshops, Seminars, Conferences.
